[REDACTED] late in 1940 advised that a Mr. Yockey, c/o the Arcadia Cafeteria, 32 South Clark Street, Chicago, Illinois, a law student at Chicago University, travelled under the name of Francis Parker and lectured under that name and posed as an international law authority at meetings where he lectured. [REDACTED] had had considerable contact with the activities of the German-American Bund. (65-6990-9)

In February, 1949, another government agency prepared a list of disloyal or subversive persons who were expected Nazis in the Eighth Service Command. In this list was included Francis Yockey, Loyola University, Chicago, Illinois. (100-42328-362)(ARMY)

According to another government agency, a source advised on March 4, 1949, that he attended a Silver Shirts meeting in 1939 near Chicago and that one Francis Yockey was one of the speakers. (100-8243-12, pg. 6)(ARMY)

b7C, b7D

[REDACTED] On June 30, 1941, [REDACTED] advised that Francis Yockey was a friend of Herbert Haupt, convicted Nazi saboteur, prior to Haupt's departure from the United States to Germany. (98-10280-241)

Another government agency advised that Francis Yockey enlisted in the United States Army on May 30, 1942, and was dropped as a deserter in September, 1942. He surrendered in November, 1943, and was discharged on July 19, 1943, by reason of dementia praecox, paranoid type. In 1948 Yockey secured a position in Germany connected with the war crimes and later allegedly broke his contract with his employer. (ARMY) (64-321612-2)

A source of unknown reliability advised in December, 1948, that F. Parker Yockey described himself as a United States review attorney and had created unfavorable impressions in Germany when interceding on behalf of German war criminals who had been sentenced to death. (64-32612-142)

~~SECURITY INFORMATION - SECRET~~

Another government agency advised in January, 1950, that according to a Dr. Felt, who was Director of the Russian Landes Zentral Bank, city in Germany not given, advised that an American, one Francis Jockey, was spreading Nationalist-Bolshevist propaganda in the United States zone. Jockey was reportedly contacting ex-Nazi and ex-Wehrmacht officers and had written an anti-capitalistic and anti-Semitic book, for which he sought a German translation. The other government agency further stated that Jockey was believed to be identical with the estranged husband of Alice Yockey, a former USAFFE employee in Friedbaden in 1947. It is noted that the last name is correctly spelled Yockey, and that her husband was Francis Parker Yockey, a former employee of the War Crimes Branch.

Dr. Felt told the other government agency that Jockey had many friends in the Friedbaden area and that such friends at one time were interested in Jockey's Nationalist-Bolshevist, anti-Semitic, anti-capitalistic views, but became suspicious of him and felt outward about their former enthusiasm. Dr. Felt stated that this Jockey published a book in either England or Ireland under the pen-name of "Varange." Felt had looked over a copy of this book and concluded that it was an advocacy of the totalitarian state, of anti-Semitism, and was based on the writings of Spengler and Nietzsche's concept of the superman. Felt characterized Jockey as a "crackpot" who advocates German nationalism.

This other government agency further advised that a Mr. A.F. Gaedertz, Jr., a German national at Friedbaden, Germany, had advised that he had met Yockey who sought to enlist him into an underground "resistance" movement. Gaedertz concluded that Yockey was searching for young Germans, preferably ex-Wehrmacht officers who were not totally disillusioned and who would "stand up" against the occupation authorities. Gaedertz stated that he had translated into German a pamphlet written by Yockey, entitled, "Why the Americans Did Not Go To Berlin." This pamphlet, according to him, proposed to expose the Jewish-Communist-Capitalistic influences that were directing American military policy.

This source stated that one Gisella Kuhn, a German national of Friedbaden, stated that she had met Yockey in the summer of 1948, and had seen him off and on through June, 1949. She described Yockey as an advocate of the re-establishment of the Nazi regime in Germany. (105-8229)(ARMY)

**SECURITY INFORMATION - SECRET**

According to Francis Parker Yockey's own statements, the following background information appears in an employment form. He was born in Chicago, Illinois, on September 10, 1917, and was reported to one Alice MacFarlane Yockey. He served in the United States Army for a period in 1942 and was assigned AAF 160004812, and had Social Security number 327-14-2517. He stated that he was a member of the Michigan Bar Association (inactive) and the Illinois Bar Association. He claimed that he was employed by Thompson and Lanning, Inc., Vernon, Illinois, in 1941 and 1943, was in the Army in 1943, was in private law practice in 1943 and 1945 in Detroit, Michigan. In 1944 he was prosecuting attorney, Police Headquarters, Detroit, Michigan. In 1945, he was employed by OPA, Rent Control, Detroit, Michigan. In 1946, he was with the War Department, JA, Germany. In 1951, he was with the American Red Cross, Ft. Custer, Ft. Hood. (121-0-4812)

*State Dept info is exclusive  
per State Let 5-27-52*

This is to advise that Mr. MILES E. BRIGGS, Special Agent, State Department, U. S. Customs Building, 6Cl South Canal Street, Chicago, Illinois, furnished SA PAUL E. FRANKFURT, on March 14, 1952, a copy of a confidential report which the State Department had recently received from their office in Canada, a photostatic copy of which is attached hereto. It should be noted that the printed "CONFIDENTIAL" on the first and second pages, and the printed reference to "Mrs. VINETTE ACCYNE" were written by BRIGGS.

Mr. BRIGGS advised that his office was conducting an inquiry concerning FRANCIS PARKER YOCKEY, 722 Junior Terrace, Chicago, for the purpose of picking up his passport. BRIGGS stated that the person at this address, who indicated that he was a relative of YOCKEY's, was very unco-operative in his attitude and stated that YOCKEY was out of town and would not furnish his present address.

Mr. BRIGGS advised that this information had probably been furnished to the Bureau earlier and that he was merely furnishing it for our information.

[REDACTED] United States Department of State, Room 917,  
 United States Court and Custom House, 1114 Market Street, St. Louis,  
 Missouri, who desires that his identity be maintained in strictest  
 confidence, exhibited to SA HARRY C. JUNG of this office a foreign  
 service dispatch dated November 9, 1951 concerning the above captioned  
 individuals, which was prepared by the Consul General, United  
 States of America, Montreal, Canada, which contained the following  
 information:

"On November 7, 1951,

[REDACTED] overheard a conversation between two men, later learned to be the two mentioned above. The gist of the conversation was that they were and had been spies for the Nazis and Fascists during World War II. Mr. BOSCHI stated he was an arivist and that during the war he had a rooming house in Santiago de Chile and certain connections on the waterfront. These connections directed American Naval Captains to his rooming house when they sought information as to where they could be entertained; that from information he obtained from women he introduced to them, he was able to learn the departure dates of their respective ships; that he would then wire this intelligence to German submarines and boasted he had supplied information resulting in the sinking of twelve American and British ships. They were familiar with all events of the war and were on intimate terms with high-ranking Nazis and Fascists, mentioning many names, events and places in connection with their espionage activities. They were in Montreal for the purpose of opening a Fourth Front magazine and mentioned a contact that they were here to make with a person later ascertained to be Adrien Arcand, a well-known

Canadian Fascist. They mentioned that they were both wanted by the authorities, but did not worry as long as they were in Canada where they knew they would be safe due to the inefficiency and stupidity of the Canadian intelligence service, and that they were free to avoid American Customs and Immigration regulations due to the stupidity of members of these two services. They also mentioned that they had witnessed part of the Hitler extermination program and had the greatest admiration for Hitler. Mr. Boschi mentioned to Mr. Yockey that it was a pleasure to meet a high-ranking official of the party and they made frequent mention of an underground movement. They also spoke of one of their members connected with a New York City newspaper "Little Italy" which was encouraging their readers to write letters to the President and to members of Congress to further their cause.

"This matter was reported. [REDACTED]

The next morning, November 8, 1951, they informed us that the two suspects were coming to the Consulate General for visas. They appeared shortly afterwards and the following data were obtained.

Boschi and Yockey in their hotel room to the effect that they were members of the Fascist organization but that they were willing to transfer their services to the Russians but in no case would they work for the United States or Great Britain - that they were in Canada for the purpose of opening a Fourth Front magazine - that they had made contact with Adrien Arcand. (Adrien Arcand was arrested and imprisoned in Canada in 1940 for his activities in the furtherance of the Axis cause. He is now residing in Montreal and is still believed to be an ardent Fascist.) Mr. Yockey remarked that he had travelled considerably in Germany, Italy and Switzerland; that the last time he was in Germany he was wanted by the military police, but succeeded in evading them and returned to the United States where he expected to be held on arrival, but entered the country without any difficulty. He also mentioned that he had married a German girl in Germany, but was now divorced. He said he was well acquainted with German officials and ex-officials, among them Von Pappen.

b7D  
"A search was made of their room and two microscopes, one pair of powerful field glasses and a very expensive German camera were found. Both men are under surveillance by [redacted] who believe that they are engaged in subversive activities and are probably endeavoring to revive the Fascist movement in Canada, which was very strong at the beginning of World War II. (subjects have moved to the Windsor Hotel)."

b7C per state [redacted] personally conducted an investigation concerning the above information and the results of his investigation are summarized as follows:

Shortly before Christmas, 1951, a trunk belonging to YOCKEY was sent from New York, New York, via Railway Express, collect, to his sister Mrs. WILLIAM COYNE, 147 East Tydenman Street, Roxana, Illinois. YOCKEY, however, has not appeared at the residence of this sister.

YOCKEY has the following additional relatives:

FRED YOCKEY, uncle, 722 Junior Terrace, Chicago, Illinois  
Miss ALICE YOCKEY, aunt, 722 Junior Terrace, Chicago, Illinois

Mrs. VENNETTE COYNE, sister, 5915 Magnolia, Chicago, Illinois

*Army info is incomplete  
per Army let 4-9-80.*

A review of the Army service record on file at the Adjutant General's Office, Demobilized Personnel Records Branch, Department of the Army, for FRANCIS P. YOCKEY, Army Serial No. 16084528, indicates that he enlisted in the U. S. Army on May 20, 1942 and entered on active duty on May 20, 1942 at Kalamazoo, Michigan. He was honorably discharged on July 14, 1943 as a Private from the Headquarters, Camp Gordon, Georgia, by reason of Certificate of Disability.

The records reflect that YOCKEY was absent without leave as a deserter from September 21, 1942 to November 22, 1942, at which time he was returned to military control at Camp Gordon, Georgia.

There is contained in the file the proceedings of a Board of Medical Officers which convened in order to determine whether YOCKEY should be discharged under a Certificate of Disability. The psychiatric examination indicated marked delusions of persecution in which he involved many people in his environment. There were ideas of grandeur present and he said that he was better than anyone else. He involved prominent people in his delusional system. He admitted auditory hallucinations and stated that he heard the voice of his father talking to him from time to time. It was recommended by the Board that YOCKEY be discharged by reason of Certificate of Disability due to Dementia Praecox, Paranoid type, cause undetermined.

The following background and descriptive information is contained in the record:

Date/place of birth:	September 18, 1917, Chicago, Ill.

Rerep SA JOHN E. MOONE dated 7/3/52 at Chicago.

For the possible assistance of Chicago there is enclosed one copy of the report of SA JOSEPH E. JONES dated 6/29/48 at San Antonio concerning ALICE O'REAR YOCKEY, LGE, containing the background and results of investigation concerning the subject's estranged wife.

*b7C*

The espionage case on [REDACTED] was opened in the San Antonio office in October, 1942, on a rather vague suspicion that [REDACTED] might possibly be engaged in some espionage activities. This case was ultimately closed on October 12, 1943, upon [REDACTED] entry into the U. S. Army. There is a great deal of information concerning [REDACTED] contained in the file and it doesn't appear that any of the information would be particularly pertinent to Chicago's current investigation. This file reflects that YOCKEY and [REDACTED] about October, 1942, made a trip to Mexico City endeavoring to locate one "HANS, the German sailor boy" and to inquire about transportation to Spain from San Antonio or Mexico. The file indicates that YOCKEY, with alias TORQUEMADA, while in San Antonio, registered at the St. Anthony Hotel on October 3, 1942, using the alias GEORGE PATTERSON, 714 Henison or 714 Kenesaw, Chicago, Illinois. At the time of YOCKEY's marriage to ALICE on July 6, 1943, he gave his address as 810 North Street, Mt. Vernon, Illinois. His marriage certificate also bears the address 722 Junior Terrace, Chicago, Illinois.

*b7C*

YOCKEY is reported to have been in the U. S. Army and discharged prior to his marriage. The espionage file further reflects that information furnished by the St. Louis office indicates that YOCKEY was in deserter status at the time of his trip to Mexico with [REDACTED]

b7D

The Subject was an active member of the State Bar of Michigan in 1941, 1944 and 1945. He was inactive in 1943. [REDACTED] last heard from the Subject in 1945. The file indicated that in 1944 the Subject had his offices at 2746 Ponobscot Building, Detroit, and in 1945 at 630 Pingree, Detroit, Michigan. No date was shown but there was an indication that he also worked for the Mount Vernon Lease and Royalty Company, Mount Vernon, Illinois.

The file indicated that in 1944 the Subject was using the name PARKER YOCKEY and as of March 22, 1945 he was an applicant for the job of attorney in the Office of Price Administration, Detroit, Michigan, under the name of PARKER F. YOCKEY. This was obtained from a letter directed to the State Bar of Michigan from Region #3, Union Commerce Building, Cleveland, Ohio, Office of Price Administration.

The following are the verbatim contents of a letter directed to the Michigan Bar Association from FRANCIS P. YOCKEY, 6341 Greenview Avenue, in care of COYNE, Chicago, Illinois. This letter was undated but was received at the State Bar of Michigan Office on November 26, 1941:

Gentlemen:

"I have reason to suspect that a certain person in Chicago has recently sent you a letter concerning me and containing vicious libels on my character.

"My reasons for the suspicions are these:

"My sister, ALYCE LOUISE YOCKEY, who is an x-ray technician, incurred the hatred of this man by befriending a certain young lady whom he was prosecuting. When he discovered this, he called my sister's employer and slandered my sister viciously, saying that he was a representative of the Federal Bureau of Investigation, and that my sister was an agent of the German Government and a peddler of narcotics. He also slandered, in the presence, of many witnesses, the character of my other sister, and my brother-in-law, W. D. COYNE. He further called the employer of my brother-in-law who is a graduate of the United States Naval Academy and working as an engineer on defense contracts - and, again saying he was an agent of the Federal Bureau of Investigation, said that my brother-in-law was stealing plans and transferring them to me, and that I was selling them to the Japanese Government. He further slandered all of us by saying that we were dope addicts, peddlers of narcotics, kidnappers, and keepers of a house of ill fame.

(DE 100-20737)

"From the above you will no doubt understand why I suspect that this man may have written to you. The members of my family and I are going to pursue our legal remedies, and therefore, if you have received any libelous matter concerning me, I request that you send it to me for evidentiary purposes, or at least a copy of it. The man in question is WILLIAM WERNEKE. When we notified the Federal Bureau of Investigation of these instances, we learned that they have a thick file on this man's subversive activities, but that so far he has eluded the law.

"I passed the Bar examination given last June in Ann Arbor, but as I understand it, I am not a full member of the Michigan Bar Association until January, when the dues are payable. Nevertheless, I suspect that this man may have written to you in the hope of damaging my character.

"I hope, that in view of the seriousness of this matter, that I shall hear from you soon.

"Respectively yours,

"*s/* FRANCIS P. YOCKEY"

It should be noted that a letter was directed to YOCKEY from the State Bar of Michigan, advising him that they had heard nothing from this individual by the name of WILLIAM WERNEKE.

The following investigation was conducted by Special Agent J. RAYMOND COGHLAN.

The file also contained the subject's application for Notre Dame dated September 5, 1940. It gave his home address as 702 East Ludington Avenue, Ludington, Michigan, and his birth date as September 18, 1917, Chicago, Illinois. The person responsible for his account was listed as Mrs. LOUIS F. YOCKEY of the same address as the subject. Father R. E. FITZPATRICK, Alpena, Michigan, was listed as a reference.

Another card in the file indicated the subject's grades at Notre Dame and that he had been graduated on June 1, 1941, cum laude, with a Bachelor of Laws degree.

b7C  
b7D

Another sheet in the file indicated that a photostatic transcript of the subject's record had been sent to the law offices of JOHN LANNIN, Rogers Building, Mount Vernon, Illinois, on January 10, 1942. This also showed that a copy had been sent to the student on December 13, 1945, and [REDACTED] said that inasmuch as it was not indicated to what address this copy had been sent, it was probable that it had been sent to the address (above) listed as the subject's home address.

The final item in the file was a slip giving the subject's local address as 408 Pokagon, South Bend, Indiana.

The South Bend City Directory indicates that Mrs. GLADYS DRIVER lived at 408 Pokagon during the pertinent period but left about 1943. She is not currently listed as living in South Bend, Indiana, and Confidential Informant T-1 of known reliability, another United States government agency, has no forwarding address for her.

She had indicated they were definitely not Communistic, but just the "opposite". According to [REDACTED] their daughter indicated to [REDACTED] that the Subject was attempting to get a passport to travel in Europe but was having some difficulty due to his political beliefs. [redacted] made available for photostating two letters from [redacted] dated 6/5/52 and 5/31/52, as well as a letter to them from their daughter, dated 6/4/52. Information furnished by [redacted] was obtained from these letters, which are not being set out in detail herein.

By teletype to the Bureau 6/25/52 the New York Office advised that [redacted]

[redacted] advised the New York Office that her niece, [redacted] had been living with FRANCIS PARKER YOCKEY as man and wife at the Lyric Hotel, Atlantic City, N.J. under the name F. DOWNEY. She stated that [redacted] visited in her home 6/23 and 24/52 and that the Subject was staying at the YMCA, 34 St. and 8th Ave., New York City. She stated that her niece had returned to Baltimore but would return to New York about 7/1/52.

[redacted] Million Dollar Pier, Boardwalk, Atlantic City, N.J., stated that the Subject arrived in Atlantic City, N.J. about the middle of May, 1952 with an exhibit of landscape paintings on pinheads which he desired to exhibit. [redacted] stated that the Subject told him that this exhibit had been very successful at the Festival of Britain and that he, [redacted] invested about \$500 in fixing up the exhibit. [redacted] advised that the exhibit ran for about a month but never took in more than a dollar or two a day and that on 6/18/52 he found it necessary to discontinue it and devote the space to something more lucrative.

b7C  
b7D

[redacted] advised that his dealings with the Subject were completely amicable and that YOCKEY is a gentleman in every respect. He advised that it is customary for the Pier to advance money to operators of exhibits and games, but that YOCKEY refused to accept any money because he realized the exhibit was not paying and he would not be able to repay [redacted]. At the time the exhibit closed he did borrow from [redacted] sufficient funds to get to New York, after [redacted] advised him to try to set up the exhibit in the art or book department of some department store as a fee attraction with the department store paying a fixed amount for its use.

b7C  
b7D

[redacted] advised that YOCKEY told him he was from Roxana, Ill.; that he was an attorney and that he had at one time been Assistant Prosecutor in a small town in the peninsula of Michigan, the name of which [redacted] has forgotten. He also told [redacted] that he was residing at the Endicott Hotel,

NK 105-918

upon first arriving in Atlantic City, but moved to an aptment on Arkansas Ave. shortly after the exhibit started. [REDACTED] stated he never discussed politics with the Subject and did not know his beliefs, but that in general conversations with him it was obvious he is a man of intelligence and education.

[REDACTED] at Million Dollar Pier, stated he had little to do with the Subject because all dealings were handled directly with [REDACTED]. He stated that in conversations with him he was impressed by his intelligence, but politics were never discussed and he does not know Subject's beliefs in that line. [REDACTED] stated that he met Subject's wife on one occasion in passing on the street but could only describe her as a tall, willowy, good looking blonde.

Neither [REDACTED] knew of any friends or associates YOCKEY might have in Atlantic City or vicinity.

[REDACTED] of the Endicott Hotel, S. Tennessee Ave., Atlantic City, N.J., stated that the hotel records indicate that F. YOCKEY, Roxana, Ill. checked in on 5/9/52 and his room was declared vacant 5/25/52. They stated that the records indicate he was joined by his wife the nights of 5/12/52 and 5/24/52. They related that on 5/24/52 two men came to the hotel about midnight to see the YOCKEYS and the night man, ED GLANCY, showed them to the hotel lounge and advised the YOCKEYS of the presence of visitors. They stated that GLANCY informed them that the men stayed a short while and, immediately upon their leaving, the YOCKEYS paid their bill and checked out. GLANCY stated the two men returned in the early morning hours of 5/25/52 and were informed that the YOCKEYS had checked out.

[REDACTED] stated that they had been curious about the identity of YOCKEY's "wife" and questioned GLANCY as to the identity of the visitors but he stated he had only seen them briefly and, considering it completely routine, had not observed them closely enough to provide any descriptive data. They stated that they knew of no mail or telephone calls received by YOCKEY, nor did they know of any friends or associates he might have.

[REDACTED] Lyric Hotel, 14 S. Arkansas Ave., Atlantic City, N.J., produced her records which indicated that Mr. and Mrs. FRANCIS DOWNEY, 714 Kenesaw Terrace, Chicago, Ill, Apartment 6, rented an apartment in the hotel on 5/28/52 for the summer and that they left on 6/18/52. She advised that DOWNEY had an exhibit of pinhead paintings at Million Dollar Pier, but it apparently did not go over and was closed suddenly by the management, leaving him without means of support. She stated that the DOWNEYS had been unable to pay the full season's rent upon moving in, but she accepted the \$75 deposit they had paid as rent for the period of occupancy and they owed her nothing upon leaving.

b7C  
b7D

[REDACTED] stated that they told her upon leaving that they would visit friends in Philadelphia and gave her a forwarding address of 3431 Greenview Ave., Philadelphia, Pa. She stated that they received only one letter while residing at the hotel which came just before they left. She stated they also received a long distance telephone call which she believed was from Illinois a day or so prior to receipt of the letter.

b7C  
b7D

[REDACTED] stated she knows nothing of the political beliefs of the DOWNEYS since they were inclined to remain to themselves and not converse with her or the other guests. She stated she considers them a "wonderful couple". [REDACTED] stated she did not know the DOWNEYS to have any friends or associates.

for a passport violation. According to [REDACTED] the two of them had been residing at the Lyric Hotel, Atlantic City, New Jersey, under the name of F. S. DOWNNEY. She also stated that her niece had mentioned that the subject was residing at the Young Men's Christian Association, Sloane House, 34 Street, New York City, as of June 24, 1952.

b7C  
b7D

[REDACTED] continued and stated that she had never seen YOCKEY and that all information concerning him was obtained through her niece, and, according to her, YOCKEY was supposedly a lawyer and writer of a political book. She also stated that YOCKEY had a sister by the name of VANETTA COYNE, residing in Chicago, Illinois.

b7C  
b7D

[REDACTED] stated that, according to her niece, YOCKEY had sent his passport to a friend at Sandy Spring, Maryland, and the subject was presently in New York in an effort to set up a concession at Coney Island displaying pictures engraved on the heads of pins. The complainant stated that her purpose in notifying the Bureau was that she did not mind if her niece continued to live with the subject but, if he was wanted by the Bureau, she would most certainly disapprove of this relationship.

b7C  
b7D

On July 7, 1952, [REDACTED] personally appeared at the New York Office and gave the following information concerning the relationship of her niece with YOCKEY:

sister but broke it off. It is to be pointed out that ██████████ stated that VANETTA COYNE resided in Chicago, Illinois, and Roxanna, Illinois. She could not be certain as to COYNES' present residence.

b7C  
b7D

It is noted that ██████████ statements concerning the relationship of VANETTA COYNE to subject YOCKEY are contradictory.

b7C  
b7D

However, as a result of this introduction ██████████ ██████████ saw a great deal of YOCKEY in St. Louis. According to ██████████ who had an opportunity to go through his wife's letters, ██████████ "had an affair" with YOCKEY while in St. Louis. ██████████ was transferred ██████████ and some time during the early part of 1952 YOCKEY appeared at their home and resided with them for approximately three months. ██████████ could not explain ██████████ permitting such a condition to exist, but nevertheless it did. As a result of this, ██████████ ran away to Atlantic City with YOCKEY in the spring of this year. From her conversations with her niece, whom ██████████ was quick to point out was a confirmed liar, she had been able to gather the following information:

b7C  
b7D

██████████ left her husband because of his promiscuity with other women and because of his homo-sexual tendencies. ██████████ stated that she could not believe such accusations and believed that ██████████ was so influenced by YOCKEY that she would go to any length to obtain a divorce and continue living with the subject.

b7C,  
b7D

During their stay in Atlantic City, YOCKEY exhibited engraved pins on the boardwalk in that city. ██████████ stated that YOCKEY was in possession of common pins with "beautiful engravings on them" which he exhibited at various fairs around the country. Her niece is so taken in by this project that she is convinced that they will be able to earn a livelihood from the income derived from this show.

b7C,  
b7D

According to ██████████ parents, ██████████ live ██████████ and from ██████████ her correspondence with them, she believes that they no longer intend having anything to do with their daughter. ██████████ stated that ██████████ had had the finest bringing up and had been educated. ██████████

NY 105-3562

b7C,  
b7D

At this point, [REDACTED] inquired as to whether or not YOCKEY was, in fact, wanted by the Bureau. It was definitely pointed out to her at this time that YOCKEY was not a fugitive nor was he wanted in any manner by the Federal Bureau of Investigation. She then inquired if it were at all possible to determine whether or not YOCKEY was wanted by any government agency for drug addiction. It was explained to her at this time that the Bureau could not determine whether or not YOCKEY was addicted to drugs and any information which she might receive on that line would have to come from another source.

b7C,  
b7D

[REDACTED] believed that YOCKEY, as of that date, was residing in New York City at the Sloane House, 34 Street, New York City. Her reason for this was that her niece had recently returned from Atlantic City and received numerous phone calls throughout the day and it was quite apparent to [REDACTED] that after each of these calls her niece visited in New York undoubtedly for the purpose of contacting YOCKEY. She also advised that on one occasion the niece mentioned that YOCKEY had received a mysterious phone call while at the Sloane House and he had informed [REDACTED] that it was the FBI and, as a result, he would have to leave town. According to the niece, YOCKEY returned to his home in Illinois. Immediately after this happening, [REDACTED] wrote a long letter to her parents [REDACTED] explaining her whole association with the subject and her reasons for breaking with her husband. As a result of this letter she advised [REDACTED] that she was returning to her home by bus and she did, in fact, leave [REDACTED] home. But, according to [REDACTED] she would not rely too heavily upon her niece's veracity and she was most doubtful of her niece's return to [REDACTED]. However, she has not heard from her since that time. b7C

b7C,  
b7D

[REDACTED] stated that she has been in close touch with [REDACTED] and he has advised her that his wife is taking divorce action against him and that it is his belief that the accusations made by her will be quite scandalous with a view toward ruining his reputation in the Baltimore area. [REDACTED] told [REDACTED] that when YOCKEY and his wife left his home they left behind numerous periodicals

NY 105-3562

and documents of a nature which he would not disclose to her. While he felt that it would be of some use to the government, he would not at this time be willing to relinquish it, in view of his pending divorce action.

b7C b7D According to [REDACTED] she contemplated taking a trip to Baltimore in an effort to convince [REDACTED] that he could turn these documents over to the government and she advised that she would contact the New York Office when she received definite information one way or another of his decision.

[REDACTED] further recalled that on one occasion her niece had mentioned to her that YOCKEY was awaiting recall to service with the Red Cross as a field director for an overseas assignment, and that her niece contemplated leaving for Europe with him. However, [REDACTED] reiterated that she found it hard to believe anything that her niece told her.

[REDACTED] could offer no further information relative to YOCKEY, his whereabouts, or the whereabouts of her niece.

Subsequent inquiries made at the Sloane house revealed that YOCKEY, under the name FRANCIS PARKER had checked out of the Sloane House on June 28, 1952.

b7C For the information of the Chicago Office by letter dated June 23, 1952 Seattle furnished the following information relative to [redacted] parents:

On June 15, 1952

telephonically contacted the Seattle Office and stated that he believed his daughter, [REDACTED] had run away with a subversive agent and that he wanted an agent from that office to contact him to examine the correspondence which he had received, which seemed to indicate the subversive nature of her companion.

[redacted] stated that his daughter, who was married to [redacted] had run away with the subject and that he believed the subject might possibly be wanted by the FBI in relation to our security program. He stated that since his daughter had run away, which occurred some time in the month of April, she had gotten in contact with [redacted]

[redacted] At this time she informed [redacted] that the man she had run away with had given her a new concept of his political views, on living, etc., and that although the exact nature of his political views must be kept completely confidential, she was only able to say that they were entirely new to most people's way of thinking. When questioned as to just what these political views were, she had indicated that they were definitely not Communistic, but instead just the "opposite". No further information along this line was obtained by [redacted]. She did indicate, however, that the subject was attempting to get a passport to travel in Europe and was having some difficulties, due to these political beliefs. She also spoke of some papers which her husband had found and which were being used by her husband to hold over her, the entire insinuation being that these papers were subversive in nature and implicated both [redacted] and the subject.

b7C  
b7D

[redacted] indicated that the subject had first been introduced to his daughter approximately three and one half years ago while [redacted]

Since that time, he had visited them for approximately three or four months while they were living in Maryland.

Personnel of Federal Records Center advised that the present whereabouts of the complete War Department civilian personnel file for the subject in this case is not known but that it was last forwarded on December 29, 1949 to Commanding General, Munich Military Post, APO 407 (Easing, Germany), c/o Postmaster, New York, New York. Due to the uncertainty of the present location of the complete record for the subject, the information herein reported was taken from such miscellaneous papers as are retained in the subject's personnel folder at Federal Records Center. Personnel at Federal Records Center further advised that the reason for the miscellaneous papers contained in said folder is that duplicates of papers are removed prior to the forwarding of a file to a requesting agency but that it is by no means a complete file.

Rebulet 9/10/52.

There are enclosed for the Bureau and auxiliary offices corrected pages of the report of SA Lawrence Bracken, 8/18/52 at NY, per instructions in reference bulet.

For the information of the Bureau and auxiliary offices the following is to be noted.

At 1:15 P.M. June 30, 1952 SA Lawrence H. Bracken was telephonically contacted by K. BALIKOFF, Special Agent, Security Division, State Department, telephone Pennsylvania 6-7700, extension 669. BALIKOFF explained that he was assigned instant case for the State Department and that he understood YOCKEY was wanted by the FBI for apprehension for violation of the Mann Act.

It was specifically pointed out to Mr. BALIKOFF that the Bureau in no way was interested in making an arrest in this matter and that to their knowledge no violation of the Mann Act had been committed. BALIKOFF explained that he had been informed by his superiors that a complaint had been received by this office by an individual claiming that her daughter had been living with this man in various parts of the United States. It was explained again to BALIKOFF that this complaint was given by a woman whose niece was living with YOCKEY and that she was in no way opposed to this relationship with the exception that if he was wanted by the FBI she did not want this friendship to continue.

Letter to Director  
NY 105-3562

BALIKOFF stated that he had determined that YOCKEY under the name of FRANCIS PARKER, had been staying at the Sloane House, YMCA, New York City and that on June 26, 1952 he went to this individual's room and established that PARKER was, in fact, subject YOCKEY in this case. BALIKOFF stated he was going to await YOCKEY's return, but upon instructions from his superior he left a note for YOCKEY telling him to call the State Department, New York City. This YOCKEY did on June 28, and advised that he was positive it was a case of mistaken identity and that he, in fact, never held a United States passport. BALIKOFF requested that he appear at the State Department office on that date, and YOCKEY stated that he would if he could be accompanied by his lawyer. To this BALIKOFF agreed, but he stated that YOCKEY never appeared and several hours thereafter he checked at the Sloane House and found out that YOCKEY had checked out without leaving a forwarding address.

At approximately 3:00 PM, on June 30, 1952 BALIKOFF again contacted the New York Office and stated that he would like to have the name of the hotel in Atlantic City where YOCKEY had resided with [REDACTED]. It is to be noted b7C that BALIKOFF did not know the name of this girl, nor was it furnished to him. However, the name of the hotel, Lyric Hotel, Atlantic City, New Jersey was given to him.

At this time it was again explained to BALIKOFF that the Bureau was not interested in making an arrest in this matter, and BALIKOFF noted that he was now perfectly aware of that and the only interest the State Department had was in locating YOCKEY and taking up his passport.

SECURITY MATTER - X

Reurlet 9-30-52, enclosing corrected pages for report of SA Lawrence Bracken, 8-18-52, at New York. Corrected page three does not clarify the contradictions on page two as explained in Bulet dated 9-10-52.

b7C b7D On page two, paragraph one, it states that [redacted] advised Yockey had a sister by the name of Vanetta Coyne residing in Chicago, Illinois. In paragraph four, it states that [redacted] advised "that her niece, [redacted] first met Yockey in St. Louis, Missouri, where [redacted]. She met Yockey through [redacted]. According to [redacted] Vanetta Coyne's husband is now on active duty with the Navy and she is residing outside of St. Louis in Roxanna, Illinois. According to [redacted] Yockey had been engaged to Vanetta's sister, but broke it off..." b7C

b7C b7D It is obvious that subject Yockey could not have been engaged to Vanetta's sister if Vanetta is his, Yockey's sister. It would appear that [redacted] should know whether Vanetta Coyne is Yockey's sister or the sister of [redacted] b7C

Immediately submit copies of corrected page two clarifying or explaining the contradiction to the Bureau and the interested offices.

Your attention is directed to SAC Letters 108 and 110, Series 1951, re security classification of reports. The classification of refrep has been changed from "Secret" to "Confidential" in view of its contents, which do not seem to justify a secret classification. For your future information, the fact that a referenced report is classified "Secret" because it contained data from another Government agency so classified, does not necessarily call for the continuation of a secret classification. The contents and sources of a particular report should govern the classification given it.

Northwestern University was misspelled North Western University in the last paragraph of page 5 and on page 8 the referenced report of SA Harold Rubenstein, dated August 6, 1952, should be shown at Detroit and not at Toledo.

You and the offices receiving a copy of this communication should make appropriate corrections on your copies of the report.

is very similar to that described in the report of

in this case as having been sent to subject Yockey at

Reference is also made to Bulet November 18, 1952, furnishing you with prints of material obtained from [REDACTED]. It will be noted on the paper entitled "An Die New-Deal Lakaien In Bonn," it states "Schreibt um Copien an den Publisher: Le Blanc, Box 155, 208 East 86th Street, New York, New York," which probably refers to the same or similar papers as mentioned in the report of SA John P. [redacted] advised this agency that she possessed seven pins all told but that she would only display three for this particular program. [redacted] stated that [redacted] was put in contact with them through [redacted]. R. H. Macy and Company, New York City.

It was [redacted] recollection that [redacted] was paid for this work by check mailed to her in care of General Delivery, 90 Church Street, New York City. [redacted] stated that this was rather unusual inasmuch as most people appearing on this show were well enough established to have a permanent residence. [redacted] records contained no mention at all in her files concerning the subject. [redacted] was requested by the writer to have a search made of her accounting records in an effort to locate the canceled check which was paid [redacted].

It is to be pointed out that the Post Office located at 90 Church Street is the second largest in New York City and inquiries made at the General Delivery Windows were not successful in developing any information concerning the subject or [redacted].

On November 17, 1952, [redacted] telephonically contacted the writer and advised that she had been mistaken in her original information which she had given this office inasmuch as in checking her accountant's records, she determined that [redacted] received no financial renumeration for her act and it was listed in her files as being done solely for publicity purposes.

R. H. Macy and Company, New York City, was contacted by the writer on October 16, 1952, at which time he offered the following information:

b7C  
b7D

He stated that [REDACTED] approached him in August of 1952 for the purpose of determining whether or not Macy's would be interested in making a display of the afore-mentioned pins. She told [REDACTED] that she had been born in Seattle and had recently come from Canada. She told [REDACTED] that she had displayed these pins all over Europe, South America, and parts of the United States and quoted various publications such as "Life" in the domestic field and dozens of others throughout Europe and South America as having carried articles relative to this display.

[REDACTED] advised her that while Macy's at that time could not use such a display, that [REDACTED] might and he, in fact, did put her in contact with them. [REDACTED] stated that he had no information concerning [REDACTED] New York address, but he did recall that she stated that she was contemplating going to Chicago where she would in all probability contact one RICARDO, owner of Ricardo's Restaurant located near the Tribune Tower in Chicago. [REDACTED] explained that Ricardo's is a restaurant catering to the artist set and he felt quite positive that [REDACTED] with a display such as she possessed would in all probability contact Ricardo's at some time or another.

b7C  
b7D

[REDACTED] were interviewed in the New York Office by the writer, at which time they gave the following information:

b7C  
b7D

In a previous interview, [REDACTED] had stated that YOCKEY had a sister by the name of VANETTA COYNE residing in Chicago, Illinois. Subsequently, she stated that her niece, [REDACTED] met YOCKEY through [REDACTED] and that YOCKEY had at one time been engaged to VANETTA'S sister. [REDACTED]

b7C

was asked to clarify this apparent discrepancy in describing the relationship of VANETTA COYNE to subject YOCKEY. She referred to a mass of disorganized notes which she carried and then explained that VANETTA COYNE is YOCKEY'S sister and that another sister of YOCKEY had at one time been engaged to [REDACTED] prior to his marriage to [REDACTED] b7C  
b7D

[REDACTED] were specifically questioned as to whether or not they had heard from [REDACTED] or the subject and they stated that they had no knowledge of their present whereabouts. At this point [REDACTED] did recall that on one occasion [REDACTED] had told her that YOCKEY had contemplated returning to Detroit where he would resume the practice of law. However, she added that her niece had told so many false stories that she would not place too much reliability on the fact that they did go to Detroit. b7C

The only other information they could furnish on this occasion was the fact that [REDACTED] at a college [REDACTED] b7C

[REDACTED] also recalled [REDACTED] stating at one time that YOCKEY had made a considerable sum of money on the black market when he was in Europe, but he lost it when he invested the money in the citrus business. ## Wann Endlich Ballst Du Die Faust?

Weltgeschichte ist die Geschichte der grossen Kulturen und so erkennen wir, zumeckend, stets eine Gruppe grosser Völker von ein und demselben Kulturstil, die Geschichte machten und deren Deutin Weltgeschichte war. Diese grossen Völker nennen wir Nationen. Da das Erwachen einer Nation zum Bewusstsein ihrer selbst in Stufen erfolgt, ist es unmöglich, dass das ganze Volk gleichmaessig eine Nation ist. Deshalb wurde jede Nation vor der Geschichte stets nur durch eine Minderheit repräsentiert.

Diese Nationen derselben Kulturschicht waren untereinander höchst verschieden. SOBALD ABER EIN KULTURFREMDES VOLK IN DEN GESICHTSKRIS DIESER GRUPPE TRAT ODER SIE GAP BEDROHTE, ERWACHTE ALLENTHALBEN EIN UEBERMAECHTIGES GEFUEHL DER SEELISCHEN VERWANDTSCHAFT.

So war es stets in der Geschichte. Wie anders sieht es aber heute aus innerhalb der Kulturschicht unserer "grossen" weissen Völker. Wie ist heute bei uns die Minderheit, die Elite, die die grosse geschichtliche Frage begeht, ob jetzt der Sturm aller weissen Völker durch die "Barberung" gelingt oder nicht?

Jetzt, wo wir unseres wichtigsten Verbündeten seit 1776—DISTANZ—verloren haben und zum allen darauf ankommt, die spirituellen und materiellen Kräfte, die noch in unserer weissen Welt vorhanden sind, zu mobilisieren,—wo bleiben da unsere Führer, die unseren Morgenstau-boys in den Arm fallen; derselben internationalen Clique, die uns zweimal in einem selbstmordähnlichen Bruderkrieg hineinbüschte und der wir erlaubten, unsere Brüder durch das Aufstiegen von nationalen Hass und Rachsucht von uns wegzutreiben?

Wo ist unsere Elite, wo unsere Charles Martels, die unseres heissen Brudervölkern, und vor allem dem Deutschen Volke in unserem Grenzland, unverdutzt zu vertheilen geben, dass sie "zu uns" gehören, die Ihnen sagen (und danach handeln!), dass nur, wenn wir alle im gefährlichen Einklang eines Schicksals, im gleichen Scherf und Gang im historischen Sein, als Brüder marschiere, wir diesen Endkampf um alles oder nichts überleben können?

Wenn unsere Führer, unsere Elite, jetzt verzagen und nicht mehr fähig sind, in unserer gesamten weissen Welt ein übermächtiges Gefühl der seelischen Verwandtschaft unter uns allen zu erregen, ist es um uns alle geschehen.

Dann sind wir keine Nation mehr, sondern nur noch ein Menschenhaufen; der Spielball jener dunklen Weltbürger und Einwelt-Apostel, die Realitäten besser verstanden haben als wir. Dann sind wir nur noch Objekt derselben, die stets und immer "Wahrheit und Gerechtigkeit" ihrer Macht und ihrer "Rasse" geopfert und ihre Gastvölker von Tode verurteilt haben; jene Völker, die jetzt aufgehört haben, auf der Weltbühne eine Rolle zu spielen, weil ihnen "Wahrheit" wichtiger war als Taten, und "Gerechtigkeit" unweschter als Macht! Gehören wir jetzt auch zu diesen Jammerlappen? Bringen wir nicht mehr die Kraft auf, diese tothringenden Schmarotzer von uns abzuschütteln, diese Macht, die

auf dem Berge unseres politischen Elends und Unglücks mit Hilfe aller farbigen Rassen der Welt sich fest eingeschraubt hat? Können wir nicht länger mehr Widerstand leisten, obwohl die letzten 20 Jahre uns wieder bestätigt haben, dass Logik des Schicksals nie von menschlichen Wünschen Kenntnis nimmt? Wenn wir heute auf das wichtigste Land in unserer weissen Welt, auf unser Grenzland Deutschland blicken und beobachten, wie unsere Morgenstau-boys nach wie vor dabei sind, die Überbelastung des weissen Dieners wegzuschaffen; wenn wir hören, wie diese internationalen Cliques die Provinz unserer deutschen Brüder bei jämmerlichem Lässeln sinken,

"UND WENN MAN NUN EUEREN UNTERGANG WILL" beantwortet, dann ist es unmöglich, dass wir jetzt in der Irre gehen und uns ein falsches Bild machen von den Eindrücken der Obersten dieser "Staaten innerhalb unserer Staaten".

### WOHIN FUHRT DAS ALLES?

Wohin das alles führen muss, ist klar. Die fortgesetzten revolutionären und wirtschaftlichen Diskriminierungen Deutschlands müssen dort, wo die grösste Gefahrenherd der weissen Welt liegt, einen Zustand völliger Bindungslosigkeit schaffen. Statt dieses entzündenden Volumens mit dem Geist echter Abwehrbereitschaft zu erhalten, führt die fortlaufende Politisch-reiche Wirkung und wirtschaftlicher Unterdrückung zwangsläufig zu Chaos.

Es bedarf keiner besonderen Beharrung, das Ergebnis einer solchen Politik vorauszusehen.

Wenn nicht endlich der Grundstein der Unstetigkeit des Rechts nach und das deutsche Volk Anwendung findet, d. h. wenn nicht endlich der Zustand auftritt, dass für das deutsche Volk als Recht erachtet wird, was in der ganzen Welt als Unrecht gilt, und wenn nicht endlich das deutsche Volk das ständige weitere Seinen, ohne ständigen zentralen primitiven Lebensstandards erwartet bleibt, dann gibt es für das Bergeschrein der roten Flut kein Halten mehr. Dann werden die rechte Verbündigungsfähigkeit einer stumpfen Lethargie und Resignation, und unter den Trümmern des einstürzenden Schutzwalls werden auch die noch vorhandenen scheinbar sicheren Bastionen der alten weissen Welt begraben.

"Und wenn man das will?"

Man will es! Und wer es will, ist auch kein Gottesmann. Nur die geschlossene Abwehr des weissen Mannes kann dieser Götter Herr werden.

Und jetzt, Amerikaner deutscher Blutes und deutschen Geistes, balle die Faust und ruft: Euren Mithengern zu:

**BIS HIERHER NICHT WEITER, SONST IST ES UM UNS ALLE GESCHENKT!**

## Konrad empfängt den "Pour Le Mérite" (neue verbesserte Auflage)

### Das Lied vom Braven Konrad

Heute hat der Hörgerichts-Gesellen,  
Der auf Mandattons Landesungen  
Die Drücke-Zücher froh vereist,  
Holt' sich McCloy zum Heimflug ein.  
  
Schon steht 'n Gesellens hell Entschluss  
Der Klossengel seines Blicken.  
Und als er in die Halle tritt  
Sieht Konrad da, der schmunzelnd nicht:  
  
"Steh da, steh da, der Comrade,  
Mein pacifist Germanicus!  
Seid mir gegrüßt, mein lieber Bruder,  
Zum guten Zeichen nimm ich auch,  
Mein Los, so ist dem eueren gleich!  
Entwendet MICHEL uns das Radier.  
Als Erster kriegt da eins aufs Dach;  
Vorholz mich aber dann das Leder,  
Vergessen wahr Ich ab die Schnauze,  
Dass wenn Ich hier verlassen sterben,  
Auf fremdem Boden, unbewohnt,  
Durch deines Bruders Hand verderben,  
Dann hier", was mir als Rettung scheint."

Und Hand in Hand, gleich einer Sippe,  
Mit langsam abgemessnen Schritte  
Umwandeln sie der Halle Rund  
Da plötzlich öffnet Mac den Mund:

...."Konrad", sprach John J. McCloy  
"Werst flieg Ich weg, nun sei  
Ja höchst ordentlich und freuen,  
Bis Ich wieder rüber komme!"

Vor dem Aufstoss, Konrad, hole  
Um des Michels schwerer Soße.  
Zahl' ihn dann bei beiden Ohren  
Zu der Messa, so von oben  
Mig das Phrasma in den dringen,  
Dass du herrein lässt mit Dingen,  
Das - seit siebenhundert Jahren -  
Lassen dir zur Hölle fahren

Bast' dir dann zum Blümchenkaffee  
Karo Scher oder Butter,  
Sag ihm, seitet dem Zulaafer  
Schwecht hechne reicher Futter!

"Dann beginn mit den Traktaten...

Wie erwäh dabei die Toten:  
Grosser deutscher Schlachtenlenker,  
Wie die Bismarcks, stets die Henker  
Aller dorfer, die ja gross!  
Und dann, Konrad, leg' los:

Preise mit viel schönen Reden  
Unser Paradies, das Jodem  
In den U.S. offen steht.

Wo kein Spitzbub, Dieb und Gauner,  
Allerfalls nur ein ganz fauler  
Idiot, hinters Gitter geht.

Wo der "bookie" ein Symbol  
Und der "gangster" ein Idol.  
Wo der Diplomat sich schminkt  
Und des Richters Frau trägt Mink.  
Wo der "crook" kassiert die Steuer  
Und die Staatschuld unghesuer.  
Wo der Amtmann streikt und kündigt  
Und, wenn unabstechlich, säündigt.

Wo der Staat ist eine Kuh,  
Die, wenn "smart" bist, melkst auch du!

Wo man sagt in frecher Stumpfheit:  
"Chaos", "graft" muss eben sein  
In Gotta eigenem Land der Freiheit,  
Willst du etwa preussisch sein?"?

Wo kein Einstein kennt den Planck,  
Und kein Gershwin den Beethoven,  
Fert locktet da kein' Hund vom Ofen  
Mit 'nem Goethe oder Kant!

Wo kein Deutscher ist sich saß,  
Bis er was zum Schicken hat.  
Dann sauft er und frisst sich dick  
Und hält' Maul bei Politik!

Wo man bald jetzt eine Tafel  
Zum Gedächtnis vor Millionen  
(Seher sind, 's muss sich s' huknen'),  
Doch, man haut dir auf den Arsch,  
Kommt du mit dem Revolver  
Dass - na Eppen - nem Attentäter,  
Schrägnerer, Deut'ker  
SECHS HUNDERT vierzig Tote r.

Wo man den Spion, der klaut,  
Nur als "roten Hering" zeichnet,  
Auf den Warner aber einhaut  
Bis kein Hund ihn mehr ans... chwindelt.

"Wo nach dem Moral-Concept  
(Wann du 'rot' bist und drinkst Wodka)  
Du magst stehlen jed' Rezept,  
So du bringst es nach der Moscwa!

Wo man nie verliert 'nen Krieg,  
(Hat man je einen geführt?)  
Doch die Polizei-Aktionen  
Scheinen sich nich recht zu lohnen:

Wo nur der ist Kommunist,  
Der das Emblem trägt im Knopfloch;  
Bist du aber bloß Marxist,  
Als Gesandter trägt den Kopf hoch!

Wo bei Kempners in der Nacht  
Man in ex-post-facto "macht",  
Und bei Baruchs sich die Welt  
Nach Bedarf Justiz bestellt!

Wo vor'm Schiessen der Soldat  
Frägt den Frankfurter um Rat,  
Ob legal ist die Aktion,  
Tut er's nicht, so hängt er schoß!

Wo für laus'ge Concessione  
Liefert man Revolutionen  
In ein noch so fernes Land,  
Gibt es Oel dort unterm Sand!

Wo das gleiche Recht hat jeder  
Bis auf eine Extrawurst,  
Die das Reservat ist jener,  
Die du nie antasten musst!

Wo nur der besteigt das Thronchen,  
Det da schwimmt in Pink-Finke,  
Den 's Ge... sser plagt gründe  
Und der pfeift auf Traditionchen!

Wo man auftaucht aus den Klampf  
("Geht der L... h ohne Kampf")  
Und erobert ihr von den Kalern,  
M'g'... m'g'... m'g'... und sterben!

dass  
nun es kein Land mehr habe

Und unter sich im Schweigen  
hört ihr den Verlust und hört

## DEUTSCH-AMERIKANER!

Das Entscheidungsjahr 1951 ist angebrochen; der Kampf um den Planeten hat begonnen.

Innenhalb der letzten 35 Jahre ist von uns "Staatsmännern" eine entscheidende Reihe von Taten begonnen worden, für die wir heute und morgen verhängnisvolle Folgen zu tragen haben. Nichts, was einmal geschehen ist, lässt sich zurücknehmen.

Aber, haben etwa unsere "Führer" die ganze Größe der furchtbaren Gefahr erfasst, die jetzt über unserer "weissen" Völkerwelt liegt und sie zu erdrücken droht? Oder werden sie getrieben, ohne dass sie überhaupt wissen was geschieht?

Welche von diesen Thorettenaturen, deren Wahlspruch: "Trete mich, aber lass mich leben", zu hören ist, führt die furchtbare Erniedrigung oder hört das Gelächter, wenn jetzt da, wo wir gestern befahlen, wie kniefällig bitten und schmeicheln müssen, um überhaupt verhandelt zu dürfen?

Begriffen diese kläglichen Püscher, in welchem Maasse es unseren marxistischen Weltbürgern gelungen ist, alle politische Macht innerhalb unserer "weissen" Welt zu zernagen und zu zerfressen? Sehen sie etwa den Schutthaufen unserer ehemaligen Regierungskunst und staatsmänniger Weisheit, auf dem sich jetzt eine Horde von geschäftstüchtigen Medien und Mittelmännern um die Beute beladen?

Sehen diese Utopisten den politischen und wirtschaftlichen Chaos, den sie überall mit ihren famosen 10, 12 und 14-Punkte-Theorien anrichteten? Verstehen sie nicht, dass sie alle "weissen" Nationen damit zum OBSEKT einer freudigen Politik gemacht haben - vielleicht für immer? Deshalb auch, dass sie nicht verstehen, dass nicht Deutschland, sondern der "weisse" Mann die beiden Kriege verloren hat?

Röhrt einer von diesen Dilettanten den Finger jetzt, da unsere Morgenthau-boys sich anschicken, aus dem politischen Vakuum zwischen Elbe und Rhein ein ABSOLUTES zu machen oder wenn dieselbe Clique im stillen Kämmerlein den Exil-Polen die Permanenz der Oder-Meisse-Linie zusichert? Wer von diesen master-minds kümmert sich um die Erhaltung von Millionen deutscher Heimatsvertriebenen; um Millionen der wertvollsten Menschen, die die "weisse" Welt in diese Stunde der Entscheidung rütteln kann? Geht etwa unseres "Sanierungs-spezialisten" im State Department das Hotterötten-Problem vor? Oder, kann es sein, dass man in Washington darauf wartet, bis die vom Schicksal erbarmungslos Mitgenommenen sich aus Verzweiflung dazu hergeben, statt zwigem Kohldampf, jetzt als Rekruten für die Alliierten Wache zu "schieben"?

Wenn wir aber jetzt immer noch nicht unser Verhältnis zu Deutschland als das wichtigste Problem für uns alle sehen, dann geht das Schicksal - und was für ein Schicksal - erbarmung slos über uns alle hinweg!

Und so, Deutscheramerikaner, lasst Euch nichts vormachen!

Dieselbe internationale Macht, dieselben Meister im Kampf mit abstrakten Mitteln, die zweimal unser Volk in einen selbstmörderischen Bruderkrieg hineinbugsierten; dieselben Weltbürger, die den deutschen Geist mehr fürchten als tausend "russische" Divisionen, sind jetzt dabei, unserer "weissen" Welt vollends den Garaus zu machen.

Aber wie fein wird alles gesponnen! In Nürnberg stempelten wir das ganze deutsche Volk zum Paria unter den Nationen dadurch, dass wir den seither allgemein anerkannten Grundsatz "Landesrecht geht vor Völkerrecht" einfach für überwunden erklärt! Natürlich wussten die auserwählten ex-post-facto-Drahtzieher genau, dass sie damit auch uns selbst letzten Endes zum Objekt einer supernationalen (U.N.) Autorität machen würden. Aber wussten dies vielleicht unsere eigenen Coryphäen der Jurisprudenz? Diese ließen Denker, die nichts davon wissen wollten, dass jeder moderne Krieg seinen eigenen Gesetzen folgt und sich keine "rechtlichen" Beschränkungen auferlegen lässt? Die selben, die es nicht gelten lassen wollten, dass ein erbarmungsloser Feind die Anwendung von erbarmungsloser Abwehr seinem Gegner aufzwingt! Und so verurteilten sie tausende von deutschen Offizieren und Mannschaften zum Tode am Galgen oder zu Zuchthaus strafen. Greifen aber unsres eigenen Soldaten heute in Korea nicht zu denselben erbarmungslosen Abwehrmitteln, weil der Chinesen sie dazu zwingt? Verdienen sie deshalb den Tod am Galgen? ... Als wir in Nürnberg erklärt, dass supranationale Bindungen den Vorrang vor allen anderen Bindungen des einzelnen Menschen gegenüber seinem Staat besaßen, mussten da unsere Salomone nicht etwa voraussehen, dass sie damit einem jeden unserer Soldaten eine Schlinge um den Hals legen würden, falls es wieder zum Kriege kommen sollte? Hat nicht etwa Malfr. uns am 7. September 1950 der Führung eines grausamen Luftkrieges gegen die Zivilbevölkerung beschuldigt? Hörten wir nicht am Radio die Anklagen der chinesischen Regierung, dass wir Zivilisten hinter der Front abmurksen und ganze Dörfer niederbrennen? Was geschieht aber mit unseren vom Feinde gefangenen Soldaten, wenn etwa ein chinesisches oder russisches Militärgericht sich bei der Aburteilung auf das von uns selbst proklamierte neue "Weltrecht" stützen sollte?

Jetzt sehen wir auf einmal zu unserem Entsetzen, dass ueber Nacht unsere eigenen Mannschaften zu OBJEKten dieser neuen von uns selbst aufgestellten Rechtsanordnung geworden sind.

Und hier nun fragen unsere Brüder in der Heimat: Wenn das rechtliche Wirklichkeit wäre, was wir in Nürnberg angeblich schon seit langem als gültiges Völkerrecht proklamierten, hätte dann der Krieg in Korea dieselben praktischen Folgen haben dürfen, wie die es da draussen täglich den Berichten von der Front entnehmen? Sie fragen uns, ob etwa die deutschen Offiziere und Soldaten nicht in denselben straffen Befehlsapparat

wirtschaftliche und geistige Freiheitsverhinderungen haben sich über eine gewaltsame Stellungnahme gegenüber dem Nazi-amerikanischen und der Verhinderung der Entschädigung für die Opfer des Nationalsozialismus gezeigt, die vom österreichischen Parlament gestillt werden waren. Wenn diese Haltung sich in den Entscheidungen des Alliierten Rates niederschlägt, wie das im wesentlichen sicher ist, wird ihnen dieser Gaukler in seiner jetzigen Form keine Freiheit mehr gönnen können.

Seit letzterer Vorfall verschlechterte die amerikanisch-österreichischen Beziehungen so wie die Intervention von Walter J. Donnelly, des früheren hiedigen US-Oberkommissars, vergangenes Mai im Alliierten Rat gegen einen der Gesetzesvorlagen, der die Anerkennung von Spähtruppen vorsah, die britische Nazis waren. Das Gesetz wurde dann vom sowjetischen Vertreter gestoppt.

#### Der amerikanische Oberkommissar in Berlin

Bei einem Abschiedessen in Berlin hatte der amerikanische Oberkommissar eines seiner wichtigsten politischen Kompakte und rief in den Gläsern, den deutschen Reichsgästen eine Freude zu bereiten. Unter den Hörern war Berlin gefreut, unter Hitler war es gefürchtet, heute wird es auf der ganzen Welt bewundert. — Einmal soll daraus ausgegossen haben: „Ja, aber sonst das Heimweh“; was Berlin ein Mitleidspunkt war. Hitler, unter Hitler war es eine riesige Industriestadt, heute ist es ein Trümmerhaufen.

Diese Antwort spiegelt, was wir wirklich sagten werden bei der Eröffnung der Deutschen Reichssäume wider, höchstwahrscheinlich für jeden Denkenden, aber absolut gesicherte Hoffnung für die Amerikaner, die nicht verstehen, wie sich ein Deutscher durch Verachtung, Entstötigung und Knackung beeindrucken lassen kann, wo er doch die Segnungen der Demokratie vor Augen hat. Und ob sie nicht verstehen können, sprechen sie von Überlebhaber des Nazismus.

#### Ruf nach dem Polizeistaat

Einen Artikel der Irländischen Zeitung „Yellow Hayon“, den die in Metz erscheinende Wochenschrift „Der Standpunkt“ in deutscher Übersetzung veröffentlichte, entnehmen wir auszugsweise folgendes:

Wir zahlen heute einen hohen Preis für Anarchie, für die Milde und das jugendliche Herrn<sup>1</sup>, an das wir noch an den God geschaut sind. Wir hoffen ihn in Form von Isolation, Demoralisierung und Schädigung der Staatsinstitute. Dieser Preis, der heute denen zahlt, die gewissenslos sind und Staat und Gemeinschaft verspielen, wird später dem Staat entkommen, und er wird sich in Ordnung, Disciplin, mehr Elternschaft und überhaupt striktes Einkommen eindrücken. Sind das nicht Ziele, die herausbeworben sind? Sind das Ziele, die irgendwie zur Idee des Fortschritts in Widerspruch stehen?

Es gibt noch mehr Staaten auf dieser Welt, die freiheitlich, demokratisch und fortgeschritten sind, und diese haben keinen Horror vor Polizei. Dort gibt es nicht wenige, schlecht bemalte (doch bald leicht zu korrumpernde) und gewaltige Polizeien. Im Gegenteil: Dort wird darauf geachtet, die besten Kräfte für die Polizei zu gewinnen, die mit allen Mitteln auszurüsten und zu vervollkommen, weil diese Staaten die Polizei als wirklichen Helfer der Administratur und als Schutz der Gemeinschaft gegen soziale Elemente schätzen. Die Polizeien haben in diesen Staaten wieder gewicht. Sie weilen überall ein, sie kontrollieren

noch kein sozialen, wettfähigen Bürger zu Hause, und sie gehen nicht nur gegen Verbrecher vor, sondern sie erhalten auch wichtige Verwaltungsaufgaben.

Dieses Beispiel müssen wir folgen, und wir sollten es eben mal mit dem „Polizeistaat“ vermarkten. Wir möchten die schreckliche Rassismus und民族ismus verbieten, wir möchten sie nicht als unsere Frei, sondern als unsere Helfer ansehen, und sicher würde sich dann die dringende Reform bestätigt machen.

Die wesentlichen Elemente, die immer in Zeiten von Massenversammlung und Revolution auftreten, würden in ihrer Schwere großes Gewicht haben, und Gewalt würde wieder Geiste werden. Die Macht der Bevölkerung würde sich nicht nur auf ihre 65 Abgeordneten im Parlament ausüben, und dann die anderen 55 abstimmen, sondern auf das ganze Leben im Staat — und in Israel würde der Widerspruch zwischen gegenüberliegenden Willen und administrativer Dummheit, das heute besteht, überwunden werden.

So aber wir ein Polizeistaat werden, dann gründlicher werden wir tatsächlich geworden.

#### Reichsamt-Angriff auf Europa

Und von den östlichen und westlichen kommunistischen Propagandisten der illegale Reichsamtstand nicht allein zu finanziell gewinnenden Zwecken herbeigeführt, wird ebenso das als Gute als politisches Kompliment aus dem moralisierenden bewusst, hat die Rechtsfrankfurter der Vereinten Nationen bei ihrer letzten Sitzung im Mai dieses Jahres aufgrund des vorliegenden Materials einschlägiger festgestellt.

Alle Amerikaner sprechen dafür, daß die internationale Reichsamt-Gesellschaft eben dabei sind, einen Angriff auf die Länder gegen diese Soziale Weltgleiche Europa einzuleiten. Man sollte den politischen Kampf, der nun endgültig geführt wird, keinesfalls unterschätzen. Er ist vielleicht viel nachhaltiger und schwieriger als jener, der mit modernen Waffen an den Kriegsschauplätzen ausgefochten wird. Millionen von Menschen unterliegen heute mehr denn je der Versuchung, sich durch wäre Träume in eine Welt von Irrationen zu begabten, und Millionen von Menschen sind bereit, sich selbst zu verteidigen, wenn man ihnen nur noch wie vor das weiße Gift zubringt.

„Der Standpunkt“, Narva, von 22. Aug. 1950

#### Zettungsterben in Dänemark

Im ersten Viertel des Jahres 1952 haben 82 (1 dänische Tagesschriften und Zeitschriften) „das Kampf mit den hohen Papierpreisen“ ihr Erscheinen eingestellt.

Der Generaldirektor der dänischen Post teilte formerly mit, daß weitere 10 Zeitungen und Zeitschriften ab 1. Juli nicht mehr erscheinen würden.

Dabei soll es bestehen, „schreibt sydlydke Tidende“ (Fremdsprachige Redaktion) vom 22. Juni, daß außerdem „sehr wenige Tagesschriften, die bisher unbedingt waren, nun mehr Lokalausgaben anderer Zeitungen geworden sind“. Es wird nicht nur jene hohen Papierpreise“, das Volk ist Weltweit“ der engsten propagandistischen Beeinflussung unter, „sicherlich ob diese westlicher oder östlicher Herkunft ist.“

Die Schlagnahme dieser Propaganda wird aber durch die Zusammenfassungen noch weiter verschärft. Um so mehr ist es zu verstehen und zu begrüßen, wenn das Universal-Öffentliche Zeitschriften zusammen, die von politischen Parteien unabhängig sind, und die — wie z. B. „Revolution“ und „Orientblatt“ — doch auch trotz der hohen Papierpreise“ geschrieben und geschäftlich frei dastehen.

# AN DIE NEW-DEAL-LAKAIEN IN BONN

Wenn aus dem Bundestag dicke  
Tirade ewig sich ergieest,  
Bei tausendstimmigem Gebelle  
Ihr deftig nach dem Stimmrich splaste;  
Flieht jede Einsicht aus den Hirnen  
Bei Euch weltfremden, müden Herrn:  
Dass all der Krach bei Euch da drinnen,  
Bringt seelige Ruh dem 'David Stern'! . . . . .

Als David mit UDSSR trotz ich an  
Zum Angrenzen.....

... im andern Fall, MUDER. . . . .

# AN DAS DEUTSCHE VOLK

Und komm ich hinüber in diesem Jahr  
Mit Kisten und Kästen und Kaviar,  
Dann vergesest das Gestern und preiset den Tag.  
Da bei Trommelgewirbel und bei Paukenschlag  
Ich schmuckselnd behänge den strahlenden Michel  
Mit Pfeil und Bogen, mit Sense und Sichel.  
Dann "Für ICH Euch herrlichen Zeiten entgegen".  
(Am "Begegnen von oben" solls sicher nicht fehlen!)

Drum sträubt Euch nicht länger, gebt willig mir her  
Was Euch blieb noch an Vätern und Söhnen da drüben,  
Dann führt Ihr mit Kind und mit Kegel und "Heer"  
Hinauf nach Walhalla zum ewigen Frieden!  
Nur einmal noch opiert! Ich beschwöre Euch,  
Euch weltfremde Narren in Morgenthau Reich.

# MICHELS ANTWORT AN DEN BRUDER IN AMERIKA

Und jetzt kommt Du rüber nach kurzen sechs Jahren  
Mit Tross und Trompete und tausend Trabanten;  
"Vergesest das Gestern" lässt Du uns sagen,  
"Mit Hurrah begrüßt meinen Gesandten,  
"Der prompt Euch empfiehlt", Ihr möget fix ziehen  
"Auf die Wacht am Rhein . . . bis das Boot er bestiegen"!

Bruder, Deine Stund ist gekommen,  
Jetzt ist die Reih' auch an Dir,  
Denn die rote Flut ist am kommen,  
Einat galt sie mir, jetzt gilt sie auch Dir!

... Doch hörst Du nicht drunter am Rheine das Füllhorn,  
Das Seufzen und Klagen, das Stöhnen und Liepeln  
Von den Scharen der Geister Deiner Opfer und Ahnen,  
Fühlet Du nichts, wenn Millionen Zerfetzte Dich mahnen?

Auch Du, Bruder, fühlst jetzt die Dornen  
Des Schicksals, wie sie tasten nach Dir,  
(Oh wie zwangsvoll doch weben die Nornen!)  
Deshalb, Bruder, tritt mit ein ins Gevier!

Wenn nicht, lassen die, die vor Hunger kaum kriechen  
Und die, die der Bolschewik zu sich nahm,  
Und die Krüppel und Waisen, die Verlehrten und Siechen,  
All die, nun, die langsam verrotten vor Gram.  
Du sagst.

Doch Bruder, zeug Ehre dem Bruder  
Und die Achtung, die längst dem gebührt,  
der Jahrhundert lang blutend das Ufer  
An der Weichsel auch für Dich mit hielt!

Und so, Bruder, erfass mit Erschauern,  
Um was es in Wirklichkeit geht.  
Hand in Hand werden wirs überdauern.  
Doch zogerst heut Du, ist's morgen zu spät!

DENN DANN WIRD NICHT LAENGER DAS GESCHICK DICH  
BEWAHREN  
VOR DEM ROTEN GESPENST, DAS NUN UNGEHEMMT  
VON UBERALL HER DIR AN DIE KEHLE WIRD FAHREN.  
WEIL KEIN "WELTFREMDER" MICHEL DAGEGHN SICH  
STEMMT!

-09-

F. C. F. W.

Jetzt habt ihr's erreicht.  
Doch schon morgen vielleicht,  
Schenkt auch der hier.  
Nur reib ich die Hand.  
Wenn nicht gleich der Kosack  
Euch den Schädel einschlägt.  
Dann denke an mich.  
Weil er euch hängt.

### Zu Spät?

Clay nahm sie uns; jetzt bringt uns Cloy  
'ne Kluft, zwar funkenagelneu,  
doch nur ein Fetzen für die Träger.  
Lebt ihnen die Idee der Väter!

Habt ihr noch immer nicht begriffen,  
wie schwer ihr euch an uns vergriffen,  
wie schwer die Schuld, die ihr jetzt tragt,  
weil Ihr die Freiheit uns versagt!

Wenn erst John Bull samt der Marianne  
schlägt der Kosack sich in die Pfanne,  
dann kann keiner beim Marschieren,  
kommt UNS dann nicht mit Lamentieren!

### Das Lied

#### Vom Doktor

#### Hausarzt

Ein Doktor, Jongleur, Hirn,  
Schlaf und Tod, Kunst von mir,  
Am kommenden Donnerstag schläft Zwei  
Sich ein Traum in seinem Hirn,  
Werdet gleich Gedanken Schall,  
Kehlkopf eine Blasenblase,  
Und man hört in den kleinen Hirn,  
Sich Worte aus dem Kopf aus,  
Dass der Doktor auf dem Tisch sitzt,  
Nicht eins, zwei vor dem Tisch,  
Und daß sich die Arme des Doktors  
Gedanken machen.

Doch es ist kein Doktor der denkt,  
Dass der Jongleur auf seinem Zwei  
Zwei neue Gedanken machen,  
Des alten Doktors Gedanken,  
Der alten Doktors Gedanken,  
Der alten Doktors Gedanken.

(4)  
Wo verschachert man wie Kinder  
Väter, Brüder, Vetter samt  
Selbst der Zukunft unserer Kinder,  
Bleibt der Bonze nur im Amt!

Wo kein Teufel gibt was drum,  
Wirft man Deutschland vor die Wölfe,  
Schlägt es morgen dann auch zwölf,  
HEUTE tanzen wir noch rum!

"Wo du nie wirst Präsident  
Bist mit Weisheit nur beschenkt;  
Doch gehörst du zum 'New Deal',  
Hast 'ne Chance mit 'sex appeal'!"

Wo im Kampf mit den Barbaren  
Wir am eignen Leib erfahren,  
Dass die Nürnberg-Theorien  
Bringen UNS heut zum Kreipieren!

... Kommt er dann mit dummen Fragen  
Wie zum Beispiel, wo die blieben,  
Die sich selbst disziplinierten;  
Denen's höchste waren Taten,  
Die einst aufgebaut die Staaten;

Wenn er frägt, wo denn die Steuben,  
Lincolns, Jacksons, Franklins bleiben,  
Sag ihm, dass die alten Knaben  
Ganz elende Knirpse waren  
Im Vergleich zu den, die heute,  
An der Spitze unsrer Staaten,  
Sich um jeden Brocken schlagen,  
Der da abfällt von 'ner Meute  
Internationaler "Leute"! ...

... Für dies Paradies auf Erden  
Soll jetzt Michel freudig sterben. -

In den siebenhundert Jahren,  
Als er schlug sich bis zum Bersten  
Für die Brüder dort im Westen,  
Lausiger nie die Zeiten waren!

Denn bedenk: In der Geschichte  
Schützte stets uns die Distanz.  
Doch heut droht uns zu vernichten  
Die asiatische Phalanx  
An der Elbe und am Rhein.  
Dort wird die Entscheidung sein!

Als wir jedem Kull zeigten  
Wie man nutzt unsre Waffen,  
Ihm selbst Strategie beibrachten  
Und wir uns vor ihm verneigten,  
Weil er half beim Bruder-Morden;  
Als die komterbunten Horden  
Siegestrunken heim marschierten  
Und auch selbst als Meister fühlten —  
Wunderst dich heut, Konrad, dass  
Ich sitz auf 'nem Pulverfass?

So tief sind wir nun gefallen,  
Dass die rot-schwarz-gelbe Brut,  
Schäumend vor Vergeltungswut,  
Zeigt jetzt frech uns ihre Krallen!

## DIE TAFELN DER SECHS MILLIONEN

Der fünfhunderttausend Hyänen  
Kam nicht schnell genug Deutschlands Ruin,  
Sie schoben bis leer alle Loden,  
Drauf schob man sie ab aus Berlin.

### AN DIE NEW-DEAL LAKAIEN IN BONN

Wenn aus dem Bundestag ein stolz  
Gejamm ob Schuld und Sache filmt,  
Bei schamlosem Gesang die ewig  
Euch aus das New-Deal's Comed aufzieht;  
Flieht Einsicht aus den weichen Sinnen  
Bei Euch wohltrotzend, zweideut' Herren  
Dass Euer Kuss auf "Jew-Deal's" Mission  
Ist Seeligkeit fü'r "David Stew!"

(5)  
Wo wir gestern stolz befahlten,  
Wuseln wir heut auf dem Bauch,  
Flehn und schmeichelein dem Barbaren!  
Nimmst jetzt 's Schicksal seines Lauf?

Jetzt, wo sich der Russ vor Lachen  
Hält den Bauch, weil er hört Krachen  
In der westlichen Allianz,  
Packt einsatzlos uns vor Angst!

Von New York bis nach Atlanta,  
(Die im Westen sählen nicht)  
Frägt man sich und flucht: "Carabao,  
Lässt um Michel jetzt im Stich?  
Sollte schändlich er versagen,  
Dann 'good bye' ihr U.S. Staaten!

Deshalb spanne ein den 'bum'  
Fest in dies curriculum:

Morgens, mittags und am Abend  
Soll er sich am Essen laben.  
Koch nicht reichlich, koch nicht fett,  
Halt ihm frei den Wanst von Speck.  
Stets bedenk: Kanonenfutter  
Zücht man nicht mit Fleisch und Butter!

Unterbrich sonst nur am Tage  
Für den Kirchgang die Traktate  
Und fürs Exzerzieren, sodass  
Er 'in Form' bleibt. Wohl erfass:

Jetzt bei diesen schweren Zwisten  
Wirds erst brenzlich (ich red' sachlich!)  
Ob selbst blieb 'ne Chance zum stift'n  
Wär ohn' Michels Hilfe fraglich!

Drum kommt alles darauf an,  
Dass du drillst den Vagabondo.  
Mußt er sich nicht aufs Kommando:  
"Dathian, geh' du voran",  
"Pronto" kündig' ich dir's Kombo!

Doch noch eines muss ich sagen,  
Das mir oft bedrückt den Magen:

Nie erzähl ihm vom Debacle  
Unserer Bomber in Korea,  
Sonst vertreibst du mir den Dackel  
Und schon morgen wär das End da!

Bald sogen wohl dreihunderttausend  
Am Hudson ins "Vierte Reich" ein,  
Wo prompt sie ganz New York aufbauten,  
Wir könnte es anders auch sein!

Jetzt blieben noch zweihunderttausend,  
Von denen die Hälf't sich vorweg,  
(Von den nebrigen einhunderttausend,  
Sind beide nicht alle heut' tot!)

(6)  
Schlimmer noch: Scholl ist nach Osten,  
Weil dein "Oleisch" ist zum Kotzen,  
Bruder, dann will' eben nichts,  
Feier wie die geister Rituale  
Nach der Wurst und Kaffeeküche,  
Scholl ins Maul ihm 'ne Rosemaie,  
Sing mit ihm dann "Oh, Susanna",  
Sei mit einem Brot des Schicksals,  
Sonst ist ALLES FÜRZ DER RATA!

"Dies nun, Konrad, ist die Credo,  
Meine Lehre, Scholl will's Friede,  
Kämme in Michaels Hinterkopf,  
So er stänner bei die Wurst und Kaffeeküche,  
Oder gegen dich zu wettern! ...

Und so ist es jetzt so zugegangen,  
Durchdröhnen die Reitermeute,  
Mäßigt du dich an meine Formeln,  
Oeffnet sich des Rates "Theater" ...

In die Parades auf Rädern, Zirkus,  
Ziehet du ein mit hohem Klang,  
Wird von Michel doch nun verstehen,  
Was ergänzen Sie mir kann?

Minn ihm weg all das so teuer,  
War für ihn in der Geschichte,  
Spann in Frei das Ungescheit,  
Bei als Partie gr' gerichtet!

Doch ums Schmackhaft Das zu machen,  
Pack sein' Buchel mit dem "Affen",  
Drück ihm in die Hand den Degen,  
Am Gewehr darf's auch nicht fehlen,  
Steht er so dann in der Klett,  
Kommt von selbst sein' Herrard!

Spielst du ihm dann noch ein Marschlied,  
Sollst mal sehen wie der absicht!  
Werd ich euch so wiederfinden,  
Will ich mit den Lorbeers Kronen,

Dir die Schlüfe stolz entwinden,  
Ewig strahl' dir Rahmenklama!

Also sprach John J. McCloy, ...  
Doch zwischen Trug und Wahrheit schwab  
Noch zweifelnd Konrad, nun er hebet,  
Betrachtet er die Ruhmetstufen  
Des Bruders nur als tolle Etagen?  
Wird huldigen er der furchtbaren Macht,  
Die drüber la Manhattan wacht?  
Die, all ihr Tun auf Recke gründend,  
Des deutschen Schicksals Knödel fliebt,  
Des blinden Michel sich als jüdisches  
Der glaubt, er ahne nochmal' Lichte?

... Und Hand in Hand, gleich einer Stopp,  
Umwandeln sie der Halle Rund,  
Doch jetzt mit gar unheimlich Schritte  
Verschwinden sie im Hintergrund.

... oooOOOOoo...  
Jan. '52 P.C.W.

Doch dann kam der Adolf, jahrelang,  
Und unergo sie herdenweis ab,  
Sodass von dem Rest der jahr hundert  
**SECHS MILLIONEN** nun stand das Groß!

Jetzt, Bruder, hörst nun mir die Sprache,  
Wenn ich red', wie die Tafeln artikeln,  
Dann ist nicht mein Recken missgelegt,  
Dann las' uns uns alle geschah!

#### OPEN THE PARLIAMENT OF LONDON

The degeneration of Hollywood is the total disfigureance of the isolated individual, stateless and rootless, outside of society and family, whose life is simply the pursuit of money and erotic pleasure. It is not the normal and healthy love of man and wife bound together by many children that Hollywood preaches, but a diseased erotic-for-its-own-sake, the sexual love of two grains of human sand, superficial and impermanent. Before this highest of all Hollywood's talents, everything else must stand aside. Marriage, honour, duty, patriotism, storminess, dedication of self to a higher aim. This ghastly distortion of the sexual life has created the enormous which consumes its millions of victims in America, and which has now been brought to the sooty soil of Europe by the American invasion.

This condition of degeneration so widespread in America, with its colonial lack of reverence to culture and so threatening to Europe under the present American domination has not arisen by accident. In this century age, the liberal-communist-socialist Karl Marx and his co-thinkers formulated as their programme the destruction of the family, of marriage, and of the Fatherland. They foisted a horrid zonal war against the West and the civilisation, affirming their idea of disintegrating all social, cultural, and political forms. America is their programme in process of actualisation, and its example above Europe what the liberal-communist-democratic regime of Culture-dictatorship is preparing for it during the coming generations.

ANNIVERSARY OF THE HEROES

It is 25 years since the passing of the Duce and the Führer - seven years in which the vindication of their policies has been complete. The physical death of Mussolini and Hitler has not diminished their dynamic presence. Greater even in death than their pygmy-like would-be murderers are in life, their spiritual leadership lives on in the new Fascist movements of the present, reaching now far beyond the old national boundaries of the German Reich and the Italian Empire to embrace all Europe and the outposts of Europeans overseas.

Today, many who were opposed to Hitler and Mussolini in their lifetime owing to the dictatorship of the truth and the mass-production of lies, now see through the mountain of perfidy and recognise the greatness of their mission. In every Western land at this moment new Fascist movements are operating, and in Germany, Italy and Austria those are of great strength, and are already on the eve of victory. To the future which will be as great as the momentarily interrupted past we give eternal salutes - HELL HITLER! VIVA IL DUCE!

**POINT 5: CLEANSING OF THE SOUL OF EUROPE FROM THE  
POLITICAL SICKNESS OF HOLLYWOOD AND THE  
MARXIST BOLSHEVISM OF MOSCOW.**

The has been a time looked upon what passes for the youth of Britain, France, and the other administrative areas of Washington Occupied Europe, and not despair of the Future? Do we not know in our hearts that this is NOT the Youth of Europe we should, indeed, feel incurably saddened. Nevertheless, thin pathological and retarded stratum is too serious to be ignored. Riddled with sex, shaking and twitching to the mechanical, "fre-Israeli" capophony of bebop, reinforced and alcohol-blurred this motley group of long-haired males and short-haired females requires - AND WILL RECEIVE - a major operation. In this group God has been replaced by Lust; the Priest by the Psycho-analyst; the Hero and Heroine by the pimpmobile. Loungo-Lizard and the Slitting Marot. For all of these things Jewish Hollywood is responsible. This doctrine of decadence and degeneration has been preached without pause since Hollywood began. Its objective has been the seduction of the youth from the stern, selfless, patriotic tasks which constitute its duty of each generation.

More readily understood, and therefore not as dangerous, is the virus of Jewish Bolshevism. Here the destruction of European patriotism, tradition, has been open and blatant and has aroused a strong reaction. Very few people in any European land fail to recognise the essential negation of Bolshevism, and short of European occupation by the Red Army it has no possibility of establishing itself openly on any governmental level. What is not so well understood is the FACT that Bolshevikism is the technical spearhead of the Jew-organised Coloured Revolution - the revolution of seantics and negroes to destroy the West. Against the demoralization of Jewish Hollywood and the decadence of Jewish Bolshevism we oppose the unconquerable spirit of Christian Europe. [1]

**AMERICA'S TWO POLITICAL FACTIONS**

By VELICK V. RUMJINOV (Continued from Issue No. 22)

It was the military faction which insisted on the economic help to the Serbian butcher Tito, whose revolt against Moscow occurred through no connivance of the Washington regime, and who was at first denounced in the American press. It was the military faction which initiated the imposition of a war-alliance on Greece and Turkey. It was the military faction which interceded in Korea - it will be remembered that Johnson refused all comment during the early days of the war in Korea, for his Communist faction was still fighting hard against American intervention. It is the military faction in which is still fighting for the imposition of an alliance on Spain, and the basis for the continuation of sabotage all efforts to communist fraction continue to continue this alliance royal.

With the knowledge of the existence, the identity, and the interests of those two factions, the otherwise insoluble riddle of American policy becomes clear. Thus, in the Russian blockade of Berlin, summer 1948, the military faction wanted to send armament convoys through this of course, would have brought about a political defeat for Russia, since the Russians were in no position to challenge such a military demonstration. Therefore the Comandat fraction in Washington threw all its weight against such a move. The final result was the "air-lift," a compromise between the two fractions, which saved Russia's face and destroyed American military prestige in Europe. Europeans no longer believe even the democrats and America-lovers, that America has either the will or the guts to oppose Russia. It is the military faction, again, which is reoccupying Pristina and Europe and going through the forms of rebuilding Europe. Europe and Germany, the German Army. And it is the German military forces, including a German Army. And it is the Communist fraction which opposes, now openly, in debates and propaganda, very secretly, in sabotage and undermining, all those monarchs. Nero is manifest than terrible weakness of this politically-unconscious military fraction, and at the very array, it all-round of its wish-thinking, semi-enclaved European, who belongs by his own the theory of Johnson, who at least, chose to real life and

Page 4

1cian forces in the Chinese war, refuses to use superior atomic weapons against the Communist enemy, and talks even now, in the American press, of the wisdom and expediency of extending diplomatic recognition to China "in the middle of a war." Similarly, during the "air-lift," friendly diplomatic conversations continually went on between Communists from Moscow and State Department Communists from Washington, to keep everything within bounds and make sure that all incidents would be minor.

In order to assure Russia "a dominant position in Europe" the only quotation of interest to us is: "What is the significance of these two factions to Europe? The objective of the Communist-Jewish faction is the destruction of the Western Civilization, including America. The military faction has no political objective whatever, it's purely military objective is preparation of a successful war against Russia, securing in the process all possible strong-points and bases, and utilizing to bring about its victory the main-power of Europe. In its official doctrinal publications, this faction has referred to the former nations of Europe as "pawns" in the war-front against Russia. The military faction at the moment is stronger than it has been at any time since the war, as shown by its forcing through the Spanish reapproachment, and by its progressive reoccupation of Europe. Its conquest of Europe is a heavily industrialized one of a homogeneous population, politically and spiritually uniform, whose only rational formation is that of a group of mutually identical protectorates, uniting under the aegis of American power. Europe's main function in this estimate is that of furnishing military support -- principally in manpower -- to the planes of the American General Staff in its self-imposed task of conquering, consolidating, and pacifying with the American troops portion of Europe proceeds in忘恩负义of the "porsecution of European nationalist elements: in France and Belgium the secret police are ordered by the American colonial administration to disector "plots" and.

make arrests; in Rome 35 are arrested by the church; 11 regime; in Germany a new wave of repression is begun by the local churchill Adenauer. All this is testimony to the spiritual leadership of the Liberation Front, the first European nationalist organization, whose policy is basically being adopted all over Europe by the elements of tomorrow, and is therefore being attacked all the more easily by the elements of yesterday.

Both factions mean the subjection of Europe to their will. Both mean the thwarting of its organic destiny both are aimed at uniting by jealousy of Europe and the wish to prevent the coming imperium of Europe. Future developments in the intensifying struggle between these two factions are unpredictable. In no case can Europeans play the role of spectators in a foreign struggle rather than actors in the poetry of their own destiny. Let no misguided European beguile himself into an utterly misplaced sympathy with the American generalissime or American nationalistic group, for this it most certainly is. No. It is a more nationalist than is the Ford Assembly Line at Dearborn. Nationalist means placing the interests of one's nation before the interests of a class, and before the interests of other nations. It is a political voice and in the political realm, it cannot be repudiated. In America, the American generalissime is unconscious. It would be better right here to compare of American nation as China -- in fact in 1941-45 and in 1950-51 indicate it would further fight in Europe, it would as soon bombard London as Berlin, Buenos Aires as Moscow. These generals are not men of the stamp of Moltke, Schlieffen, and Clausewitz, but rather of the stamp of Henry Ford. Their contribution to war is in the assembly line; their military faith in war is in the belief in love of Fatherland, and iron discipline, but the belief that with enough industrial production they will eventually do not aside and History be made to come out the end of a tube.

The true American nationalism is not concentrated as a party nor a faction, and not even yet as a movement. It is itself a more feeling distributed among a certain spiritual level of the American population. This American nationalism is a spirit that recognizes America's colonial

status vis-a-vis Europe, that has no wish to destroy the mother-soil and father-culture of Europe, that could be counted upon always to assist Europe against Asia and the world coloured Revolution, this America still existed politically in 1900 and in that year sent an expeditionary force to China, there to act in concert with European forces, in the "watching of the German Field" rebellion, the whole under the command of "a German Field Marshal. But at this critical moment of our Destiny," this America has no political existence. Europe cannot look to it for hope, and unless, unorganized, unconscious as it is, it can be thrown upon its friends and alone, Europe is thrown upon its enemies. But these resources for its own salvation, of which the sources are mightier than all the no-judaizations of matt or, and biological units to operate, the master of which the enemy disappears. In addition to his "masses" of able superiority in will, intellect, and intelligence, Europe possesses within it that which the enemy cannot even understand, the invincible power of the Western Civilisation, the arrogant products of America, a humanly like who call themselves at present the "United High Command here no past, they contain no Nation, they have no Imperative, no Idea, they are no State, they have no future."

At this moment both of America's two enemies of Europe, the United Kingdom and France, are in a state of abeyance, in which cont and co-operation allied with decadence and indepotence are in a trifling a world which God planned better, it is up to us to bring about a great saving for the Reich and will in the world while to hold out an honest viewpoint.

In the "Völker", a widely read evening paper of Rio de Janeiro, there appeared in the final edition of

Page 7.

of January 10th, 1952, an AFP despatch from Jerusalem, which ought to be brought to the attention of every European. The despatch, freely but faithfully translated, reads as follows:

WE WILL KILL ANY ENVOY AND DESTROY ANY GERMAN GOONS

Jerusalem, January 10th, (AFP) — The spokesman of a group of former members of Irgun Zvai Leumi and the Stern Gang (hitherto non-political movements) declared today to a journalist of "FRANZ F. PRESS" that any diplomatic, representative or plenipotentiary delegation of Eastern or Western Germany, who sets foot on the soil of Israel will be treated as a war-criminal, condemned and struck like a pig.

The spokesman added: "We have no connection with any political party; we and never fight with any connection between Israel and Germany, and if need be we shall resort to terror."

Every German product that may come into Israel will be seized and destroyed, even if it is already

in the course of trade. No most earnestly warn all

Israelitic firms not to enter into any commercial relations with West or East Germany."

It is lamentable that the so-called leaders of occupied Germany cannot muster even a fraction of the attitude which characterizes the leading men of the separate-state of Israel. The whole situation becomes most interesting when one remembers that present-day Germany counts great numbers of Jews in its highest places, the unvarnished Israeli threat also against them, the only non-Jews included.

This Jordan attitude neither surprises nor amazes us. We are grateful for its frankness ... but how can Monsieur Heuss and Adenauer now be conciled? Perhaps the will notice the practical implications which lie hidden in this Jewish emotional outburst.

The "German" Foreign Office can prescribe a holiday in Israel for its used-up diplomats, or for those gentlemen approaching the age of retirement. This will result in a great saving for the Reich and will in no way injure the interests of Germany, for on the one hand

78 MAR 1 1953

It is a shocking thing to say, and to contemplate, is it not? To think that men, entrusted before God and the world with the conduct of America's destiny would coldly and deliberately prefer the interests of America's enemy to the interests of this American nation. Because of the enormity of this crime, most of us hesitate even to think of such an explanation of events, and we only realize it with the greatest reluctance, when every other explanation is excluded.

As an American who has watched the steady descent of his country from its high point of 1945, when the affairs of <sup>human</sup> 9/10ths of this earth were under the control of America, as an American who has felt himself humiliated as he has watched his country's humiliation at the hands of the Communist Barbarians of Moscow, as an American veteran of America's armed forces who is forced every day in the press to read a new list of hopeless American casualties, I have no joy in recounting to you the vicious story of treason in our country. It gives me no pleasure to tell you things which ought never have happened within our land. But, regardless of everything else, my first duty is to tell you the truth -- and in particular that very truth which the Washington regime is so intent upon concealing.

I would like to think, as would you also, that the explanation of America's continuous and endless succession of defeats and humiliations, America's progressive loss of power in the world, ~~and especially~~ is simple incompetence, on the part of the Executive branch of the government. Perhaps these people simply do not know how to seek and acquire allies, perhaps they do not understand how to strike salutary fear into the hearts of the Kremlin barbarians as they proceed on their self-appointed task of the conquest of the world. Perhaps the Truman-Acheson regime would like to win in the present war with China, but they do not know to manage a war.

This explanation could possibly be accepted if we did not still have before us, present in the memory of every person in this meeting, the entire Second World War. In that War, the entire Communist faction in the Washington regime was wholeheartedly in favor of victory.

In this war, as we all know, the Communist faction ~~is~~ desires an American defeat. Let us compare the two wars, and we shall see develop before us America's Two Ways

of Waging War.

First of all, what was the objective of ~~that~~ the Second World War? It was given to the world as UNCONDITIONAL SURRENDER! They wanted total victory, and they said so. But what is the objective in the Chinese War now going on? In Acheson's words, it is "a just truce". Not even peace! Much less victory. ~~xxxxxxxxxxxx~~ No question of unconditional surrender. Marshall as ~~Minister~~ Secretary of Defense visited the battlefield and there announced to the press that the American mission in Korea is "to prevent the enemy from coming below the 38th parallel". Did he make a similar announcement when America was fighting Germany and Italy? No, when he wanted victory, he said so, and he subscribed to the "Unconditional Surrender formula".

Next, during the present Chinese war, the whole regime in Washington says we must prevent the conflict from spreading, we must localize the conflict. What did they want in the Second World War? They wanted a continual extension of the front, continual involvement of other powers. They exerted every conceivable pressure to bring other powers in on their side. When they had two fronts, they wanted a third, when they had that, they wanted a fourth. They wanted to win that war.

Next, did they refuse any offers of troops in the Second World War? On the contrary, they used every pressure on neutrals to extract troops from them to <sup>use</sup> ~~use~~ against Germany and Italy. But in the present war against Red China, they have refused Chiang-Kai-Shek's standing offer of 500,000 combat-ready troops. Not only do they refuse his offer, but they have ordered the American ~~fleet~~ Navy to blockade Chiang-Kai-Shek so that he can not strike the Chinese Communists. Yes, tonight, as ~~exist~~ we meet here, the American Navy is protecting Red China.

On the same point, South Korea under Syngman Rhee, our ally in the war against Red China, does not even have conscription of its man-power to defend the soil of Korea, nor has the Truman-Acheson regime put any pressure on South Korea to raise more troops by conscription. Not like the Second World War, is it? Then, they sought to get troops even from neutrals. Now, they refuse troops, even from allies. The difference is, that they wanted to win that war. You see, Russia and the Communist faction also wanted victory in that war.

4

Next, When the Second World War was finally brought about by the ultimatum to Japan which precipitated the Pearl Harbor attack, every cabinet minister was loud and positive about his support for the war. But when the war in Korea started, <sup>Secy. of State</sup> Acheson could not even be prevailed upon by the press to make a statement for several days. American troops were ordered to resist the Red onslaught through ~~minimax~~ channels of military command, and Acheson was not in on it. Then, as now, he was thinking only of ways to stop the war, to stop the resistance against Communism. ~~Now we are running them down in the Korean War~~ The reaction of George Marshall, the Defense Secretary, to the war in Korea was similarly lukewarm. No fire breathed from him, no talk of UNCONDITIONAL SURRENDER, no talk of victory. He knew how to work for victory in the Second World War, but in the ~~Chinese~~ war which began in Korea in June 1950, George Marshall and his entire faction did not talk about victory.

Perhaps the reason that Marshall and Acheson are lukewarm about fighting Red China is that they <sup>themselves</sup> called this political monster into being. In June, 1946, the Marshall-Acheson group even sought ~~to~~ Congressional sanction to send an American military mission to train and equip the Chinese Red Army, whose only enemy then was the Chinese government of Chiang -Kai-Shek, the ally of the United States. Think of it, American officials daring to advocate the arming, training, and equipping of Communist armies against America's allies, and thus against America. If Marshall had been as stupid as to do such a thing unawares of the treasonable nature of his activity, he never would have had sufficient intelligence to graduate from military school. If Acheson had been that stupid, he could have never entered the Bar Association.

Let us compare further the conduct of the Second World War, in which Russia and the communist faction in Washington wanted victory, with the Third World War, in which Russia and the Communist faction in Washington want defeat of American arms.

In the present war against China, tourist traffic is still permitted to the Far East, including Japan, the staging area of our Far Eastern forces. Was tourist traffic permitted on the oceans during the Second World War? Of course not, for every cubic foot of space was required for war transportation. You see, they wanted to win that war.

In every war mistakes occur, and they occurred in the Second World War. More than once, American land forces and American air forces fired upon one another. More than once, American field headquarters were bombed by American planes. But these incidents were not magnified out of all proportion and spread across the land in great headlines. But, remember the scandal that was created out of the incident in Korea in the winter of 1950~~/~~ when certain American units did not receive their proper winter clothing? It is the operation of the communist faction in press and government which resolves this riddle. In the Second World War, they wanted no military scandals to undermine public confidence in the command, to damage public morale. In the current war, the exact opposite is true. They want scandals which will break down public confidence and morale, which will lay the groundwork for defeat.

Next, remember how the press, in the Second World War, continually told us of the imminent defeat of Germany, Italy, and Japan? We were told every day -- it won't be long now, our victory is assured, we only need keep up the fight a little longer. Now what is the line, now that we are fighting communism and Red armies? Now we learn that the war would be endless if it were extended, that we can never gain victory over the enemy, that Russia is getting stronger day by day, that Russian plane product exceeds ours, that their planes and tanks are better, their man-power is greater, live that the best we can hope for is to pay them tribute to let us ~~exist~~ in peace.

Do you see how the pattern emerges, in unmistakable clarity, in utter simplicity? No wonder the inner enemy wants us to be confused by a thousand viewpoints, distracted by scandals, and twisted into knots by his perverted explanations of his treasonable diplomacy. All you need to do is sort out the facts, and the big issue is there: in its stark greatness, it dominates the entire American political landscape. Involved in this issue is the entire future of our land, our nation, our people. Either we meet this challenge, or our nation and everything that has ever been known in world history by the name America will go down into permanent darkness.

Fellow Americans, look once more at the Second World War, the war against Germany. In selecting the leadership for that war, political and military, did

our rulers select men with ~~immigrant~~ pro-German backgrounds, with a long record of affiliation with Germany, men who had dealt publicly and privately with Germany's leadership? On the contrary, any such persons were purged at once from positions of leadership, and only pronounced anti-Germans were entrusted with conduct of the war against Germany. Regard now the present war against Red China, especially the moment of its beginning: in their theory, who are the participants in the war? The United Nations on the one side, the Republic of North Korea on the other. But who is entrusted with the conduct of the war, in theory? The Security Council of the United Nations -- and in June 1950, at the beginning of the Korean War, this organ was presided over by a Russian delegate, the personal representative of Stalin. Here then we have American armies fighting under the command of an alien organization called the United Nations, ~~and~~ and under the theoretical command of its Security Council presided over by the enemy. When we fought Germany, were we ever a member of an alliance which embraced Germany, and presided over by a German representative?

Over

Look again at the United Nations: the secretary-general of this -- should I say -- organization, is a man named, most appropriately, Lie, spelled L-I-E. This man was nominated for his position by Russia and he has continued during his tenure of office to merit the confidence of the Russians. His mission there is to see that Russian interests are not damaged, and he visits the Kremlin from time to time to report and consult.

Yet this is the organization under whose artificial flag American blood is being daily spilt, ~~immigrant~~ spilt heroically as far as the individuals are concerned, spilt in defeat as far as American national interests are concerned. When the American Navy bombards the enemy coast of Korea, the United Nations flag is run up, and American land forces fly this alien flag over their headquarters. Compare it with the Second World War. Were American soldiers told they were fighting for ~~the~~ some abstraction, some League of Nations or other? No, because every leader knows that his nation will only give its best and sacrifice the most in the name of its own nation, a living, breathing reality, and in the sign of the symbols of that nation, clothed with its history, drenched by its blood, bound up with its honor. In the Second World War,

Look for a moment at these men who are leading or have led, the American war effort against Red China. There is Truman, who pet name for Stalin is good old Joe, the man who played the piano for Stalin at Potsdam, even as he was giving him half a world. Look at Acheson, the leader of the pro-Russian clique during the entire Second World War, the member of a law firm which has represented communist interests for 20 long years, the co-architect, with Marshall of the Red Chinese State with which we are now at war, the bitter opponent of General MacArthur, whose first offense was that he refused to kow-tow to Russia in the Far East. Look at Marshall, the man, who remember as Chief of Staff of a great world-power ~~sixties~~ in a time of crisis, did not know where he was on the morning of the Pearl Harbor attack, the man who continually during the Second World War sacrificed the needs of MacArthur's command in the Pacific to Russian needs in Europe, the man who undertook the mission to destroy the ~~government~~<sup>state</sup> of Chiang-Kai-Chek, the firm ally of America, the man who gave decisive aid to the Chinese Reds in the Civil War and thus at one stroke lost one-quarter of the world to America, the man who has had private conversations with Stalin, and has not thought it necessary to tell the American people what was discussed in those secret conversations. In the Second World War, they did not choose men of backgrounds friendly to Germany and Germany's leadership to carry on the war, but for the Third World War against ~~Soviet~~ Russian-directed Communism, the crusaders to lead it are men who have been distinguished by pro-Russian activity.

A hollow and stinking crusade! A crusade in a vacuum! A crusade which does not want to win!

they wanted victory, so they used the American flag, which has always been attended with victory. In the present war against communism, they ~~want~~ want a defeat of American arms, so they use ~~the~~ an abstract flag representing nothing more than an office building in New York, the 2d league of nations, doomed, as we all know, ~~to go~~ to go the way of the first league of nations.

During the Second World War, against Germany, it no part of the press, and no one in the government, spoke of a truce, or of a peace. It was treated as quite self-evident that whoever sought ~~my~~ peace was approaching treason. Now, however, when we are fighting against world-communism, our rulers talk of a "just truce", whatever that is.

When the Red enemy finally consented to enter into truce talks -- for his own purposes -- he stipulated that the American delegates approach the conference through a gauntlet of Red bayonets, and carrying the white flag. This vile and dishonorable sight was then photographed and spread over ~~the~~ all Asia as the sign of America's surrender to Asiatic Reds. The illiterates of Mongolia, Burma, and India, to whom a newspaper means nothing, nevertheless understand the language of pictures, and know the meaning of the white flag. Why was this abject and vile performance kept from the American people? Compare it with the Second World War: did anyone ever suggest going to the Germans with white flags? If he had, the Democratic administration would have prosecuted him for ~~militia~~ treason.

Another point: do you remember those first months of the war in Korea, when the only enemy in the field was the North Korean Red Army? During that period, the entire American press, and ~~the~~ members of the administration prompted them, continually spoke of the possible intervention of China in the war. It was treated ~~as~~ as natural and normal that China would intervene against us, and no measures were contemplated, ~~suggested~~ suggested or discussed to prevent that intervention. Was there anything like this in the Second World War? Was it not treated as self-evident that if anyone entered the war it would be on our side? After all, Red China was created by the Truman-Acheson administration, and Marshall was the mid-wife who ~~gave~~ delivered this monster into life. But No, the threatened intervention of China -- not threatened by China, but by the Washington regime

and by the communist faction in the American press -- was used as a further reason for inculcating defeatism, and for mollifying America's conduct of the war.

Where in all this clear pattern of events do we now find any ambiguity? How could mere stupidity, however gross, account for this systematic and continuing anti-American conduct? ~~American troops have been fighting~~ Look at the picture: American troops are in the field, they are fighting for their lives against huge odds, dependent ~~upon~~ <sup>for</sup> their bare survival upon their technical superiority in weapons and transport, dependent for their victory upon that same superiority. These American troops are armed -- thank God for the technical superiority of the Western Civilization! -- with atomic weapons against which the Red Chinese enemy cannot retaliate. This superior weapon, which brought about surrender of the Japanese Empire within a week from the date of its employment, is held back by our rulers. Did they hold back any weapon in the Second World War?

What reason do they give for this refusal to exploit every possible means to give victory to American arms, power to America, and life to American soldiers who tomorrow may be dead in this treasonable war in which victory is FORBIDDEN? They say: "We don't want to anger the enemy, or the neutrals, like the pro-Communist Nehru. We don't, above all, want to spread the war, because Russia might intervene, and then, naturally, we would lose." Did they refrain from the mass-bombing of German and Japanese cities because it might make anybody angry? They would have pushed anyone aside who didn't like it. They were determined on victory and unconditional surrender, and they were prepared to <sup>use</sup> any amount and any form of armed force against anybody whatsoever to achieve their purpose. From the beginning Nehru has been the spokesman for Red Chinese interests, so in that quarter we have no sympathy and no neutrality to lose. As to the argument about Russia: it is a crass and vile lie that Russia could defeat the United States in a military contest, and those in high places who say it know that it is a lie. If they believed it, they would be cowards, but they are worse than cowards, they are liars, using their lies to support their treason.

I am not yet finished with this matter of the atomic bomb. Fellow Americans, God made this world as it is, and in its ever-recurring forms we can dimly perceive his divine plan. World-history, in which America is now caught up, involved for its

very life in the tempest of events, is the history of NATIONS. The units of history are NATIONS. ~~maximizing~~ Those individuals who lead those nations owe their primary duty to that nation whose destiny God has placed temporarily in their hands. It is not allowed to a ruler to sacrifice his people on the battlefield to abstract aims like United Nations of some kind or other, like humanitarian principles of one kind or another - it is the duty of every government of every form to serve the national interest, and no government has the right to expend one single soldier for any other purpose.

It is thus the DUTY of the American military high command -- and Truman, with Acheson hovering over him, is the supreme commander-in-chief -- to bring victory to American arms in order to save American lives. In that duty, every reasonable means of achieving victory must be pursued., including the use of atomic weapons to the utmost.

Six years ago, to justify the atomic bombardment of Japan, did not Truman officially ~~justify~~ state that it was done to terminate the war quickly and thus save American lives? His reason was sound then — why is it not sound today?

It is not sound today, to the minds of the Truman-Acheson regime, because the aim of the present war against Red China is not victory, it is not unconditional surrender, it is not to save Americans lives. Six years ago this regime knew how to fight -- can we believe that today it no longer knows how to fight! Would Truman, Acheson and the entire communist faction dare to ~~ever~~ appear on this platform and answer the questions of this audience here tonight?

Fellow Americans, I say to you now, and beyond this audience I say it to the entire American people and nation, and I say it with every ounce of seriousness and purpose I possess!: ~~The world is fighting~~ The war in which America is now engaged is being waged in America not for American victory, but for Communist victory, and these <sup>A</sup>who are ultimately responsible for the conduct of this war are guilty of black, damnable treason.

Think of the Second World War ~~in~~ on the question of prisoners-of-war: if any American legal officer had announced that Germany had killed 5,000 American prisoners-of-war, would he not have had a favorable and continuous press, would not the high command have given him every assistance in his task of investigation and proof? ~~Investigating~~ ~~negotiating~~ ~~negotiations~~

We know they would. Yet how was it when Col. James Hadley, the Judge Advocate of the Army in Korea announced that he had proof of Communist slaughter of 5,000 American war-prisoners? He was immediately summoned to Tokyo for discipline. The Command in Tokyo stated that he should have made his announcement under their conditions, that he was injuring their plans by exposing Communist atrocities at that particular time. It was given a poor press, and Truman's reaction to it was "If ~~t~~ is true, it is the worst thing that has happened in the century". Note that "If it is true --". It prepares the public to disbelieve it, to greet this American officer's statement with suspicion, to wait and see. Editorials in the American press, slipped in by members of the communist faction, counseled the public not to get excited, to wait and see -- in other words: wait and FORGET. And up to now, what has been done about this massacre of American soldiers, surrendered and disarmed? Absolutely nothing. The Communist enemy has in no way been deterred from future massacres.

And yet, my friends, I know what Washington, Hamilton, or Andrew Jackson would have done.

During the Second World War, the Washington regime was not faced with a ~~very~~ great problem of ~~the~~ inner enemy. <sup>an</sup> ~~Nevertheless~~ it interned and uprooted all the Japanese on the West Coast and German born men and women. ~~xxxxxxxxxx~~ The vast majority of all internees were American citizens, but nobody worried much about their "civil liberties".

During the present war with Red China, however, everything is different. The inner enemy is numerous, highly organized, thoroughly indoctrinated, with a literature ~~—~~ of class war, proletarian dictatorship and world conquest going back a century. At the very narrowest, the inner enemy includes the Communist Party and affiliated organizations more realistically it includes also the Communist sympathizers and backers of Communist-front organizations, many of whom are in high positions in the Executive, Legislative, and Judicial branches of the Federal and State governments. Although we are in a state of actual war with Communism, with Red China backed by Red Russia, no measures have been taken against the dangerous and powerful inner enemy, who is actually in a position, as every day's news tells us, to destroy the American war effort and kill American soldiers on the battlefield from behind.

One feeble measure was attempted: an "anti-Communist" bill was passed by Congress, over the powerful opposition of the Executive branch of the government, requiring all Communists to register. Truman vetoed this anti-Communist bill, and it was passed over his veto. When it went into effect however, all Communists publicly and openly defied its provisions, and refused to register. Nothing was done to them, because the whole bill was drafted in such a way that it could not be enforced because of vagueness of its provisions, and because there ~~xxxx~~ was no penal sanction to the measure. Was this an accident?

Why was it ~~xxxx~~ impossible to draft a real anti-Communist law?

Did ~~xxxxxx~~ they proceed this way during the Second World War against Germans and Japanese?

Think again of the Second World War: Were American troops ~~over~~, in the presence of the enemy, and without a truce being in effect, ever ordered to cease their fire? And yet this happened not three months since, in Korea. Company units, in the face of the enemy received an order, of which press correspondents there on the spot were informed, to refrain from firing on the enemy, except in self-defense. The order, once given, attributed to the "highest sources of command", was suddenly revoked and its very issuance was denied, as a result of the strong reaction of the American nation to this unbelievable scandal.

Is there anyone so blind that this glaring Red light does not illuminate the American political scene for him?

Look at the list of the Communist spies: Eisler, Hiss, Coplon, Guibychev, the Rosenbergs. Not one of them has received a punishment commensurate with his crime and sufficient to deter others from engaging in espionage. Eisler was allowed to escape, Hiss was tried on a charge minor in comparison to his heal offense of espionage and given a short term from which he will soon be free, Coplon was released on a foolish technicality, Guibychev was set free to go to Russia, the Rosenbergs were condemned to death on a charge of treason, but it was clear at the time and it is clear now that these spies are being protected: they will never receive the death penalty, and their case will be reversed on appeal. Note what I say, and then observe your newspapers.

Was there ever an instance, in the Second World War, in which an American general, who had held the highest military commands within the power of his nation to confer on him, covered with the glories of his numerous victories, was removed from his command BECAUSE HE WANTED TO WIN THE WAR? Of course there was not -- the Washington regime wanted to win that war, so it encouraged and honored victorious generals. But in the Third World War, in which we ~~now~~ are now engaged, which we are daily losing, and in which every day we are faced with a new scandal, a new lie, a new treason -- everything is different. General MacArthur was disgracefully removed from command, and his offense was that he wanted to win the war.

In very truth, America has two ways of waging war. One for victory, and one for defeat.

Fellow Americans, we have stood in the presence of some awful truths tonight, we have contemplated some terrible things, we have witnessed the foulest of all crimes, the crime of treason. We have looked into the form of events and the events have yielded up their mystery to us. Now that we know precisely what is wrong in our great land, what is our response?

It is one of the things for which we must be grateful that the Communist faction does not yet have sufficient power to prevent free elections, nor to stifle the public voice, nor prevent public organization in self-defense against the Communist advance within America. Twenty years ago, if anyone had foretold that in the time to come an American military commander would be dismissed for trying to bring victory to American arms, he would have been called a lunatic. Yet we have seen just that. If this pattern of events continues, twenty years from today the Communists will be embarking on their final mopping-up operations in their total destruction of everything that the idea America has stood for in the history of nations. Perhaps they ~~now~~ would have the assistance of barbarian troops from Russia, perhaps that would not be necessary. If Americans are nothing but peace-seeking slaves who will pay tribute for peace, who will pay ransom to an enemy who kidnaps American airmen, the destruction of America from within will be easy.

But that is not to be, and one proof of it is this very gathering here tonight.

Tonight I have been only your voice, saying what you feel and think. If these were only my personal thoughts, they would not be interesting, but these thoughts correspond to the feelings of the great mass of our people stretching from ocean to ocean, from the ~~RhineGeman~~ deserts of the Southwest to Maine's rocky coast. If that which has been said here were only my personal ideas, you would not have come, ~~is~~ nor would I be here. When I went into public life, I did not enter it for my own advantage, and in public life I have always had the choice of saying the popular thing and getting praise from America's powerful enemies, or of saying the truthful thing and being smeared and calumniated by those enemies, enemies of America, of you, and therefore, of me. ~~They have invented a word, McCarthyism. A clever trick, they thought. The idea was to make everybody think that I am something unique, some sort of wild individualist, somebody all alone. Their trick has not worked. I give it the lie right now. There is no such thing as McCarthyism -- what they mean is AMERICANISM.~~  
~~When I give voice to an idea which is not in accord with the entire spirit of America and its history, an idea which is not in furtherance of America's destiny, of America's power, prestige and honor in the world -- then, but not until then, will there be such a thing as McCarthyism. Up until that time -- no matter what America's internal enemies chatter about, your enemies and mine -- I shall speak only in the American spirit.~~

Part of the campaign of treason is defeatism: Russia is too strong for us, let us be careful, don't use our superior weapons, someone might not like it if we win, let's ransom our soldiers and be quiet about it, a new communistic day has dawned in Asia, communism means hope for the Asiatic masses. You have heard it all and it has nauseated you.

I am not such a fool, nor such a contemptible coward to bring you any brand of defeatism. If I thought America were doomed to defeat and communist extinction, I still would continue to fight ~~is~~ to my last breath. But I don't believe in any such thing: I believe in the spiritual resources of this nation, I believe that far from being exhausted, they have scarcely been tapped. America has only written its first pages in history, and not its last. I believe in the future of the Western Civilization, of

which America is an integral, organic part. I know, deep down inside me, that the  
are part of  
future belongs to us who ~~inherently~~ this Civilization and who share its great world  
mission.

I summon you, not to a Korea-type war in which to seek, and find, defeat, but to a war for victory. This, our immediate war is not far beyond our shores, it is here, in our own land, against the inner enemy. How can we conscientiously ask an American soldier to fight a foreign enemy under the command of the Truman-Acheson regime which whose members have has been guilty of such monstrous conduct, ~~xxxxxxxxxx~~ been pro-Russian all of their lives, a regime which cannot possibly be trusted to lead a war against Communism, honeycombed with Communist sympathizers and agents as it is?

By mid-November we have had sixteen hours of continuous rain and snow and the roads are bad. We have had to leave our kitchen to eat as we have no place to go. Goodby to all my dear ones.

It is not a part of the divine plan that a great superpersonal force working for order and creativeness in the world, like the Western Civilization, is to be overcome by an onslaught of barbarians against an America weakened by corruption and betrayed by a horde of achesons.

The inner enemy, like the Red Chinese Armies in Korea, has not earned any of his victories. They have been presented to him by the marshalls and achesons.

But America is coming back. We shall pull ourselves and our nation out of this swamp of treason, and corruption and disgust.

We shall liberate our land from ~~its~~ the domination of traitors and then, by the help of the Almighty God, we shall restore the word America to its old meaning in the world before all nations.

By the deluge of our votes, by the irresistible storm of our organized protest, we shall sweep America clear of its inner enemies and onward to its God-given Destiny.

[REDACTED] described YOCKEY as being very independent, artistic, an English scholar, a lover of poetry and an excellent pianist. However, he feels that YOCKEY was unstable. While at Notre Dame, YOCKEY is believed to have resided off campus, and [REDACTED] did not come in frequent contact with him.

b7C b7D

[REDACTED] stated that if he should conjecture as to where the Subject might be residing if he has left the United States, he feels that the Subject would be living in France as the Subject was greatly interested in that country.

The following investigation was conducted by SA

At Augusta, Michigan:

[REDACTED] advised that she was employed [REDACTED] by the American Red Cross from 1950 to November, 1952. She said that the Subject was Assistant Field Director for the Red Cross from December, 1950 to June, 1951 at Fort Custer. [REDACTED] stated that the Subject was transferred in June, 1951 with the First Armored Division in his Red Cross capacity to Fort Hood, Texas.

b7C, b7D

[REDACTED] also stated that during the few months that she was acquainted with the Subject he impressed her as being very cultured, specifically enamored with classical music. She said that the Subject had many feminine tendencies and that others who had worked with him were "suspicious regarding his activities", although she stated "no one ever had any definite proof of these suspicions".

b7C, b7D

[REDACTED] went on to say that YOCKEY had told her that he had visited Europe during the summer of 1950 and that the only reason he joined the Red Cross was to get transportation back to Europe, where he stated "he knew many ways to make money other than what he could make in this country". YOCKEY told [REDACTED] that he had been to school at the University of Michigan during the late thirties, that he was also an attorney and hoped some time in the future to return to practicing law. She said that the Subject continually extolled the advantages of living in Europe to such a degree, she said, that his talk along that line was unbearable; and he was finally quieted by the Director, Mr. PETERSON, who presently is assigned by the Red Cross to Germany.

"I am at Ft. Custer, Michigan with the American Red Cross-----If, in a few months I am not on my way I would feel that my transportation idea failed, and I shall leave this thing and proceed alone."

Letter dated March 6 and postmarked Battle Creek, Michigan, March 17, 1951. The following quote reflects subject YOCKLEY's use of the name FRANK.

"With Frank one can be frank. I have the Americans in my environment call me FRANK. It blurs their impression of me and that is precisely as it should be."

Letter dated April 23, postmarked April 24, 1951, Battle Creek, Michigan.

The above letter refers to General MacARTHUR as "an ancient ass" and that he could have made himself king of this island. According to the writer of the letter, five years ago MacARTHUR was anti-German and pro-Russian, now he is anti-Russian. "No matter how much one sympathizes with American nationalism-- which is not directed against Europe (see Imperium) he cannot wish MacARTHUR well, for he is a thoroughly unworthy representative of it. During the greatest drama, up to now, that has been enacted on the world stage, this idiot cast his sympathy to the stupid Russian clod and the slinking, sneering usurer--Jew. This I do not forget."

Letter dated "June 2 or so", postmarked June 4, 1951, Battle Creek, Michigan:

"I am familiar with the foul book A German Talks Back. I saw it in 1945 or so. I found no back-talk in it, but only the usual filthy Jewish propaganda. If it were a real book, it would be confiscated and proscribed, as Imperium has the honor to be----in three countries. People have been held in jail for possessing Imperium. Imperium is more deserving of the

BA 105-643

title (sub title let us say), A German Talks Back,  
than is that dirty little piece of Jewish--liberal--  
Masonic propaganda by the weak and despicable traitor HAUSER.

"Forgive me for my enthusiasm about Imperium. It  
is growing on me. When I finished it, I was slight-  
ly disappointed but now when I pick it up I ask  
myself how could it have been written through such  
an unsure instrument as me, for in very truth its  
truths are super personal and the real author is  
the spirit of the age, the Zeitgeist."

Letter dated August 1, postmarked U. S. Army, August 1, 1951.

"I am in a God forsaken village named Baumholder,  
or rather in a camp above it. It is not too far  
from the French border in the Hunsrück Mountains."

Letter dated August 18, Stuttgart, postmarked U. S. Army  
August 20, 1951.

"I do not yet know whether my new position will  
mature. Two different sets of secret police have  
to clear me for it and a certain section of one  
of the two I know has me listed as an undesirable.  
It is frightful that I have to expose myself in  
this stupid fashion. No one can simultaneously  
try to do big things and be obligated to devote  
all his time and energy to the little little thing  
of earning his living."

Letter headed "Garmisch, September 4", postmarked U. S. Army  
Postal Service, September 4, 1951.

"I am enroute to Rome today. I had a disaster  
and lost my job. I resigned in the expectation--  
more, assurance-- of having another at once, twice  
as good financially. But the secret police told  
the prospective employer (Judge Advocate, 7th Army)  
that they wanted to investigate me for six months  
and he became frightened."

Letter dated December 3, postmarked Montreal, Canada, December 4, 1951:

"I am back on the wrong continent again.

"The strangest thing has brought me back here. I am managing an enterprise for an artist. This chap is an Italian from South America. He came to Europe last year with his paintings to exhibit them, and he visited GAENON, having heard of Imperium, etc. When he learned I was in Naples he came down there to see me, qua author of Imperium, which he regards as a bible.

"He is also a very sick man: cardiac, pleurisy, bronchitis, high blood pressure.

"Write me care of COYNE at Roxanna.

"I am in Canada because BOSCHI is waiting still for a visa to go to USA. Perhaps he won't get it."

Letter dated January 1, postmarked January 2, Montreal, Canada:

"I am in great difficulties with this artist mad man this pin painter. He is in a terrible state of moral deterioration, not to say physical and mental as well."

Letter dated January 22, postmarked January 22, 1952, Washington, D. C.:

"I come hither to find myself some base economic employment, after my BOSCHI enterprise showed itself no longer feasible. I was counting heavily upon old JAEGER--about whom I told you, as you will remember and I learned with one telephone call that he is in Florida until the end of the month.

"I shall be here all week, at least up to Saturday, staying at the YMCA Hotel, 18th and G Streets, a block away from the infamous State Department."

Letter dated "February 5 or so---, Tuesday anyway", postmarked Washington, D. C., February 5, 1952.

"I called on PATTERSON who arranged an appointment for me with Senator McCARTHY for Saturday P.M. He wanted me to write a speech for him, based on a whole batch, a huge corpus of material, to have it ready by Monday.

"There are still several things to settle with him but it looks as though I have a job. Really quite unbelievable that it should be this particular job. Everything else orally.

"I am usually in my room, Tel: National 8250, ext. 860."

Letter headed Thursday, no envelope:

*M.L.*  
"I am enclosing a letter to ~~VINETTE~~ the which please mail for me. It is written as though it comes from ~~WARREN~~, in case the enemy starts reading her mail in the Roxanna Post Office. This is entirely within the realm of possibility, as is telephone tapping. ~~VINETTE~~, of course, will understand the letter perfectly. In it I suggest indirectly that she get herself a new mailing address, a post office box in a different place or an arrangement with the neighbors. I mention nothing in the letter concerning Atl. City, or pins. I also tell her, speaking as ~~WARREN~~ that I have just had a card from her brother, FRANCIS from Mexico City, saying he is enroute to Buenos Aires on business. In case the enemy comes to you as he probably will---after checking her telephone calls---this should be your line with him: I visited you for a while, and then left, and then next you heard was the card from Mexico City. If asked about the card, naturally you destroyed it, since you do not collect post cards.

"Tell ~~WARREN~~ you had a call from ~~VINETTE~~ so that he will be alerted for a visit from the enemy and will

BA 105-643

tell them the same story. Treat them distantly and firmly; make them produce their credentials, ask them exactly what they want and do not be helpful at all. Show great surprise that they are seeking poor FRANZ, a model member of the community, etc."

Letter dated May 16, postmarked Atlantic City, May 16, 1952:

"You ought to write to VINETTE and tell her---make it clear that you are speaking for me, but do not mention my name--to get herself another mailing address. Do not mention A. City but tell her that things look good over here---. She has my address here and I have had a letter from her.

"I want you to call me, you should go to a pay station. I really think these precautions are justified because before this I have had this sort of wrong interest taken in me, and I know their standard procedures."

In the above letter, YOCKEY mentions PERRY S. PATTERSON, Sandy Spring, Maryland, as a contact of his.

Letter dated May 20, postmarked Atlantic City, May 20, 1952.

"The main reason of course for the Buenos Aires--Mexico City story was the fbi but it does not harm if Dog thinks the story is straight. This is about the third or fourth time the fbi has sought poor FRANZ, each time without success, so each time they will look more intensely and each time I must be more cautious. Remember, do nothing which will leave a record on paper that will connect you to me. Very soon, or perhaps already, they will connect your house to VINETTE because of the long distance phone calls and perhaps also because of mail."

~~CONFIDENTIAL~~Interview of Miss ALICE YOCKEY

Miss YOCKEY, aunt of subject YOCKEY, advised the last time she heard from her nephew was about 2 years ago when she had a letter from him. At that time, Miss YOCKEY stated, she believed YOCKEY was in New York City.

According to Miss YOCKEY, her nephew is a "brilliant lawyer" who had trouble in Germany after World War II when he disagreed with the manner in which Germans were prosecuted in the war crimes trials. Miss YOCKEY stated subject YOCKEY was employed by the War Department as an attorney in the German war crimes trials. She advised YOCKEY's trouble during the war crimes trials came when YOCKEY told his superiors that German war criminals were not being prosecuted under International law, German law, or United States law, and the government had no right to prosecute the Germans, subject YOCKEY contended.

Miss YOCKEY stated that subject YOCKEY's opinion concerning the legal aspect of the war crimes trials was the reason he was dismissed as an attorney with the War Department in Germany.

Subject YOCKEY's aunt stated she had no idea as to where YOCKEY is at the present time. She advised that subject YOCKEY is the "black sheep" of the family because, although he has a fine education and has a brilliant mind, he has never made use of these assets.

Miss YOCKEY stated her nephew is very pro-German and she was of the opinion that this pro-German attitude was brought about by the influence YOCKEY's grandfather, who was a German, had on YOCKEY.

Along with this pro-German attitude, YOCKEY is also anti-Semitic, Miss YOCKEY stated. She advised that although YOCKEY had "Jewish friends" he was opposed to "Jewish people" as a whole.

Miss YOCKEY stated that she had been visited recently by a representative of the United States State Department who was attempting to ascertain the whereabouts of YOCKEY. She said the State Department representative did not tell her why he was looking for YOCKEY and only asked questions concerning YOCKEY's present whereabouts.

~~CONFIDENTIAL~~Interview of FRED YOCKEY

FRED YOCKEY, 722 Junior Terrace, advised the writer and SA HORACE H. WILLIS that his nephew, FRANCIS PARKER YOCKEY, was an eccentric, yet brilliant person.

FRED YOCKEY stated FRANCIS PARKER YOCKEY was his nephew. He advised that subject YOCKEY had never actually resided at 722 Junior Terrace, but did visit there occasionally many years ago. He stated the last time he had heard of his nephew was when ALICE YOCKEY received a letter from him several years ago.

FRED YOCKEY said he was not very fond of his nephew because of his frequent wandering and because of the fact that YOCKEY had never settled down and made use of his education.

YOCKEY's uncle stated subject YOCKEY had written many books but FRED YOCKEY was uncertain as to just what was contained in these books.

FRED YOCKEY stated he knew YOCKEY was pro-German and anti-semitic, but advised he could furnish no other information concerning him.

The subject's uncle doubted that subject YOCKEY would contact either him or Miss ALICE YOCKEY. FRED YOCKEY stated YOCKEY would more likely contact his two sisters, Mrs. ALICE YOCKEY ~~OR~~ SPURLOCK or Mrs. VINETTE COYNE. He advised both Mrs. COYNE and Mrs. SPURLOCK are presently residing in Monterey, California. FRED YOCKEY further advised that Mrs. COYNE's husband, WILLIAM COYNE, is a Lieutenant Commander in the United States Navy, believed to be on active duty at the present time.

Lieutenant Commander, MELLIAN COYNE, Acting Executive Officer, United States Naval Post Graduate School, and formerly the Security Officer at the School, advised that VINETTE COYNE is his wife, and that subject, YOCKEY, is his brother-in-law. He advised that his sister-in-law, ALICE YOCKEY SPURLOCK, resides with him in their home at 1136 Surf Avenue, Pacific Grove, California. COYNE stated that neither he, SPURLOCK, or his wife, have heard from the subject in approximately eight months. be definite about this. He related that the subject resided with him on several occasions when he was in the United States, and that subject was one of those individuals who, though exceptionally intelligent, preferred traveling around the world, and would never settle down to steady employment. He stated that he has assisted the subject on numerous occasions, financially and generally. When the subject comes to the United States and is without funds, he will stay at his home. He further advised that his wife is about the only one who hears from the subject, and that Mrs. SPURLOCK and subject do not get along well together.

COYNE stated that he actually knows very little about the subject, as he does not generally confide in any of his family. However, he does know that subject is violently anti-Communistic, and in all probability, has a tendency to lean toward fascism. However, he feels certain that subject is not violating any laws. COYNE advised that he would willingly advise the writer, in the event any member of his family should receive information concerning the subject.

AT PACIFIC GROVE, CALIFORNIA:

Mrs. VENETTE COYNE, 1136 Surf Avenue, advised that to the best of her recollection, they received a letter from the subject in the latter part of 1952; however, she could not recall where this letter came from, and there was no return address thereon. She stated that she believes the letter had a foreign postmark, but she personally did not recall it as being Belgium. She also advised that she does not recall the subject making any statement concerning his expected travels from wherever he was at the time of writing. She pointed out that his letters are exceedingly brief and contain no news at all about his activities. Further, she generally hears from him only when he is in need of money. She also advised that she knows nothing about his activities, other than the fact that he enjoys traveling and will not settle down to steady employment, in view of the fact that he gets bored so easily. She stated that in her opinion, her brother is extremely immature, in spite of his high degree of intelligence, and that he is very gullible, particularly where women are concerned, and is easily influenced in his thinking. She stated that she has in the past, been

very concerned about him, as he is "the baby" of the family. However, due to his complete refusal to settle down and make something of himself, she has decided that it is not worthwhile to worry about him.

Mrs. COYNE advised that her sister, ALICE SPURLOCK, is presently in Los Angeles visiting friends, and is not expected back for another two weeks. She stated, however, that her sister has resided with her for some time, and she knows for certain that she has not received any communications from the subject, pointing out that her sister and brother do not get along; therefore, he stopped corresponding with her several years ago. She advised that the reason they do not get along is that there is a clash of personalities, and the fact that the subject will not do anything to make something of himself. His sister will not condone these actions, and therefore has nothing to do with him.

Mrs. COYNE advised that she would advise the writer immediately, if she receives any information concerning the subject.

~~CONFIDENTIAL~~SUMMARY OF SUBJECT'S WRITINGSb7C  
b7D

The following material had been left in [REDACTED] home by YOCKEY at the time YOCKEY and [REDACTED] left in the spring of 1952. [REDACTED] was formerly married to [REDACTED]. This material was obtained from [REDACTED] on December 17, 1952 by SA DONALD M. HOLLAND.

It is noted that ULLICK VARANGE is YOCKEY's pen name.

1. "IMPERIUM"

a. Volume I consists of 405 pages by ULLICK VARANGE and was first published in 1948 by Westropa Press, London, N.W.I. This book is dedicated to "The Hero of the Second World War."

The author believes that the culture of our civilization has gradually improved through troubled times over the many centuries. Some of our present-day cultures started in Egypt, China, Mexico, and Peru, etc., around 1000 A.D. The great crisis of the West set in with the French Revolution and its consequent phenomena. NAPOLEON was the symbol of the transition of civilization into culture. Destiny is the hallmark of everything living and the destiny idea is the central motive of organic thinking. Fate is not synonymous with destiny but the opposite. Most highly developed systematizers apply destiny thinking in their daily lives in relationships with other human beings. History is the relationship between the past and the present. The present is constantly changing and so is history.

From page 27, "The determining thing in our outlook on history is the spirit of our age. Ours is an external, factual, sceptical, historical age. It is not moved by great religious or critical feelings."

"Ours is the first age in Western history in which absolute submission to facts has triumphed over all other spiritual attitudes."

Author goes on to describe the meaning of facts and the demise of the linear view of history.

From page 43, "Civilization outside of the West was imperfect, striving to be Western, stammering and fumbling."

It is to be noted on page 45, "The philosophy and science of each culture never became independent of the religious style of the culture; even materialism is only a profane caricature of the basic religious feeling of the culture."

Author further gives his ideas as to the structure of history in the idealizing of the NAPOLEANIC Empire.

On page 64, "This age and its spirit would not shrink from entering upon its task of building the Empire of the West even if it were told that the outer forces are too strong, that they will never succeed. It prefers to die on its feet rather than live on its knees."

From page 69, "In the Western civilization, the expansive tendency reached the point where by 1900, 18/20ths of the surface of the earth was controlled politically by Western Capitalists."

Found on page 70, "The peak of this long crises exists now in the period 1950 - 2000 and possibly in these very years will be decided forever the question whether the West is to fulfil its last life phase."

On page 71, "The first step in action is thus the liquidation of the spiritual division of Europe. There is only one basis on which this can be done. There is only one future - the organic future."

Written on page 71, "In his victory parade in Moscow in 1945 the barbarian exhibited his western captive slaves to the jeering crowds of his cities and made them drag their national flags behind them in the dust."

The author then comments on the three great thought systems, Darwinism, Marxism, and Freudism, the products of materialistic thought.

On page 108, "No leading men of the coming decades will be Darwinians, Marxians, or Freudians."

It is reflected on page 110, "Science was the supreme religion of the 19th century and all other religions like Darwinism and Marxism referred to its great parent - dogmas as the basis for their own truths. 'Unscientific' became the term of damnation."

Found on page 119, "A projectile which can destroy a city of 200,000 persons in a second, that however is a reality and affects the sphere of political possibilities. It is the spirit of politics which determines the form of war that influences the conduct of politics."

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

On page 121, "The attitude of the 20th century towards science and techniques is clear. Superiority in weapons is essential in order to compensate for the immense numerical superiority of the enemies of the West."

Contained on page 132, "It is better to eat the rations that Moscow and Washington allow than it is to have a proud and free Europe with a 'bad' government."

Author then comments on the nature of politics and how politics is activity in relation to power. He believes politics divides the world into friend and enemy.

Written on page 150, "During the Second World War, for instance, freedom and democracy were used as terms to describe all members of the coalition against Europe, with an entire disregard of Semantics."

On page 155, "Man does not kill like a tiger for food to eat - he kills because of spiritual necessity."

Found on page 161, "They (meaning politicians) wish to abolish war by politics or even by war. If war were gone and politics remained they would then abolish politics by war or perhaps by politics."

The author describes England as a classic example as being on the victorious side in a military sense in World War I but sustaining total defeat in a political sense.

Contained on page 178, "In any age the amount of power in a state system is constant and if one organic unit is diminished in power another unit or other units are increased in power by the same amount."

Found on page 186, "Men who are fighting against the future perhaps have good reason to practice deception constantly, to throw clouds of theories over their actions, to say peace when they mean war and war when they mean peace, and to keep elaborate classifications of 'secret', 'confidential' and the like."

VARANGE then comments on the weakness of the League of Nations and how politics and war go hand in hand.

-4-

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Found on page 214, "Only political independence can be given up, not political existence. Politics still is present with its existential embrace of the lives of the whole population. We stand before the organic law of protection and obedience."

Found on page 237, "From its anthropology of the basic goodness of human nature in general, rationalism produced 18th century encyclopaedism, freemasonry, democracy, and anarchism as well as liberalism, each with its offshoots and variations."

On page 251, "Historically speaking, democracy is a feeling and has nothing whatever to do with 'equality', 'representative government' or anything of the sort."

Written on page 256, "Communism fitted itself out with a rationalistic philosophy; a materialistic metaphysic and atomistic logic, social ethic, and economic politics."

On page 257, "But Communism was political, unlike liberalism and named an enemy who must be annihilated - the bourgeoisie."

"Its high point was a Bolshevik Revolution in Russia, 1918, when the theory of Communism was actually adopted by a non-theoretical Asiatic regime as a weapon of foreign policy."

Contained on page 258, "Communism like all Utopias is impossible of realization because they are rational and life is irrational."

On page 259, "The coming wars will thus revive the older practices of enslaving and killing war prisoners and remove the protections hitherto extended to the civilian population."

Author then comments on the different types of culture in the world up to the present time and how it affects all of us. He then lays forth his ideas on the types of people and how their influence has changed politics. He states that various races of people are stronger in some types of culture than other races and that all races have different affects on their country and culture.

Contained on page 385, "The Communists said that nations were only a capitalist trick to separate the 'workers of the world.' Only classes

were real - all else is illusion - and there are only two of them, bourgeois and proletaire."

written on page 397, "The absolute state idea represented the future."

The author believes the best for the western world is the state idea form of government in which all business and utility is owned and controlled by the government.

b. Volume 2, consisting of 280 pages.

Found on page 11, "All that is necessary for the 20th century action - outlook is to understand three phenomena within this larger field of culture pathology, namely culture-parasitism, culture-retardation, and culture-distortion."

Reflected on page 14, "The 40 million immigrants to America from other continents from 1790 up to now did not serve to increase the population of America at all, but only to change the quality of it."

The author states that the Jews are separated from the West by culture.

On page 24, "800 years of robbery, hatred, massacre, and persecution on both sides had roused within the Jew traditions of hatred of the West even stronger than the old western hatred for the Jew."

On page 25, "The new movements - capitalism, industrial revolution, democracy, materialism - all were tremendously exciting to the Jew."

The author then states that the many immigrants who came to America from Europe brought their own culture from their individual countries with them.

Author comments that after wars the result is culture-retardation. In commenting on the persecution of the jews in the world, on page 59, "The Jew was within the West but the West was not within him. Persecution strengthens if it stops short of extermination."

The author believes that the Jews are obtaining materialistic products using this to their advantage to fight back at the people of the west.

CG 100-25647

"IMPERIUM demands for this Age the modern, historical outlook, and traces the genealogy of that organic thinking which alone can grasp so creative a conception.

"IMPERIUM rejects the Nineteenth Century: the barren survivals of its thought - Darwin, Marx, Freud and the Scientific-Technical world Outlook; its exhausted political nostrums - the pluralistic state, Liberalism, "Democracy," Communism and "League of Nations" ideas, all of which fail to satisfy the organically vital realities of Politics.

"IMPERIUM creates the discipline of Cultural Vitalism, the biography of the elements of Cultural history. The unity and articulation of a Culture rule the components of its organism: Tradition, Genius, Race, People, Nation and State.

"IMPERIUM demonstrates, from the development of each of these components, the organic necessity of the coming State form-the Authoritarian state. It heralds the Resurgence of Authority, the powerful movement now dominating the inner life of the Western Culture.

"IMPERIUM is more than a formal study, more than an abstract philosophy of history. It is a presentation of the fundamentals which at present determine our souls even though we deny or oppose them, an imperative to a world-outlook worthy of our tradition and the destiny of the Western Culture, and a summons to political action in keeping with the Spirit of the Age."

2. Two Editions of the Pamphlet "Frontfighter"  
Which Contains Articles By ULLICK VARANGE

- a. "Frontfighter" No. 20, January, 1952 issue. This publication is published by the ECM Westropa Press, London, W.C. This article consists of six pages in this issue and is entitled, "Europe's Honour and Kurt Meyer."

Contained on page three.

"If the word honour seems strange to Western ears today, that is in itself no sign that our Western honour is dead, that it was hanged along with the victims of American 'war crime' atrocities. No - neither Jew nor American can deprive Europe of its honour - only Europe can do that."

The author states that General KURT MEYER of Germany who is still in jail, should be released from jail and that he, (MEYER), has served Europe well. The author believes that by occupation forces, America is ruining Europe.

Contained on page seven.

"Let no European think he can bridge this bottomless pit and cooperate with American Bolshevism to 'save' Europe, for such an idea has no meaning."

VARANGE believes that the Americans are profiteering on the Germans today and taking advantage of the Germans because the Americans were victors in World War II.

- b. "Frontfighter" No. 21, February, 1952 issue. Continuing from the last issue of "Europe's Honour and Kurt Meyer," by ULLICK VARANGE. This conclusion consists of six pages.

The author claims that the only way for honour of the Germans is to refuse to cooperate with the Americans.

Found on page three.

"The Jew with his perverted sense of honour allows himself to cringe and bow today in the hope of revenge tomorrow."

Written on page three.

"The Japanese honour code lists as dead the soldier captured by the enemy. The family is notified and the funeral duly celebrated."

On page four.

"China and India are landscape words - they describe no State, no Nation, no People. They embody no Mission, no Idea. They have no prestige, no meaning, and no honour is attached to them."

Found on page five.

"Hindus, Chinamen, Sikhs, Moslems, Negroes, these can be mobilized by any dynamic power whatever to fight against the enemy of its choosing."

The author believes that if Europe cooperates with the United States, that the population would be utterly dispersed over the world and Europe would end up as slaves, but if KURT WIEDEMANN refuses to cooperate with FISCHER, Europe will keep its honour and therewith the promise of reconquering once again on a permanent basis.

### 3. "The American Destiny" By ULLICK VARANGE

Dedicated to the "White American dead of the Second World War who died in vain in a cause not their own." This manuscript consists of nineteen pages.

The author states the early Americans, after a terrific struggle, made this nation great by continuing with their European culture. However, America today has been taken over by the Jews.

Found on page seven.

"It was a political master-stroke on the part of the Jew to bring out the movement known as Zionism."

The author states that the Jews did not help this country with any of our early wars during our struggle for freedom because there were no Jews in this country, but today they have taken over America. He believes that the Jews today receive special privileges in the Army, in colleges, and control the police and big business. The Jews, after the 1932 election, moved into the Democratic Party and into Washington and have been there ever since.

It is noted on page ten.

"In 1933 there descended on Washington a swarm of Jews headed by BARUCH, ROTSHUHN, FRANKFURT-R, and MORGENTHAU."

VARANGE states that the Jews today run the government, the newspapers, and influence our entire lives.

Found on page eleven.

"The truth is that the Jew is spiritually worn out. He can no longer charge. He can no longer develop. He can produce nothing in the sphere of thought or research. He lives solely with the idea of revenge on the nations of the white European-American race."

"The Jew went about his aim of destroying the hated Western nations, not by massing fleets and armies of Jews, but by working within each nation."

Noted on page thirteen.

"In 1933 when the Jew captured America, he immediately extended diplomatic recognition to Soviet Russia, and an Ambassador, LITVINOV-FINKELSTEIN, was sent to Washington to congratulate his successful kin."

"1933 was the year of fate for the Jew. In that year, while he gained America, he lost Europe."

Found on page fifteen.

"While white prestige in the world melts away, while the living standard of the white peoples moves steadily downward, the Jew is planning great new power combinations."

"He (meaning the Jews) wants a war at his time and on his terms, on an issue he chooses, in theatres he will decide - a war that he plans for America to lose."

The author believes that America will lose World War III and that some day the Jewish flak will fly over the United States.

4. "America's Two Political Factions"

The last page of which contains the name of VARANGE.  
This manuscript consists of six pages.

~~CONFIDENTIAL~~

CG 100-25647

~~CONFIDENTIAL~~

The author states that Europe and South Americans are baffled by the United States' rapid changes in foreign policy.

Contained on page one.

"The American inner-political scene is dominated by two factions, neither of which at this moment exercises a dictatorship. The first, presently the more important of the two, is the Jewish or Communist faction, (the two words are interchangeable in America.) It is well organized, coherent, conscious of its power, conscious in its policy. It knows its objective, and even when temporarily set back, it continually returns to it. The second is the Army or military faction."

VARANGE believes that the Jewish politics is everywhere and that it spells the destruction of Western civilization. He believes the Jews were instrumental in giving Communist spy HISS a light sentence as were given the Communist leaders who were sentenced in this country.

Found on page two.

"An 'anti-Communist' law required all Communists to register, but no penal provision was attached to it. It was defied by all Communists with impunity. All this testifies to the efficiency of the Communist organization in America."

Contained on page two.

"The cabinet minister FORRESTAL, who resisted the official policy vis-a-vis Israel, was killed, and his murder portrayed as a suicide. It is now known everywhere that shortly before his death, FORRESTAL was warned by BARUCH to abandon his resistance to the Israel policy."

On page three.

"In order to enroll the masses of intellectuals - those who believe that because they can talk therefore they also can think - the Jew uses the ideology of Marxism."

~~CONFIDENTIAL~~

The author believes that the Army is lacking in political plans. The top military leaders do what they are told, but they do not know or realize what the objective is of what they are doing.

On page four,

"There are traitors within it like EISENHOWER and the infamous MARSHALL. It was MARSHALL, who, in 1941, when he was chief of staff, brought about the Pearl Harbor disaster. Though knowing when and where the attack was coming, he absented himself from his post and deliberately refrained from alerting the garrison in Hawaii. For this direct treason, he received a promotion."

"American foreign policy has become weaker and weaker because of the actions of our military in Europe and in Korea."

The author believes that America cannot help Europe. Europe must help itself and develop its own resources.

Noted on page six.

"Europe will not fight under the banner of its enemy."

5. "Handbook of Imperialism"

Which consists of three pages, the front page and two pages of "Morphology of Imperialism". The name of the author was not shown.

The author of this article gives examples of types of imperialism and then gives examples of decadence and compares imperialism and decadence. The author concludes by questions. Why does a culture last only a thousand years or a man live to approximately seventy years of age? Why can't they last longer?

2. "Spengler and the Western Imperium"

A commentary on Prussianism and Socialism consisting of sixty-two pages, name of author not shown.

The German reader has much better reading than the American. In order for a people to improve themselves, they must improve their culture. SPENGLER saw correctly the German Revolution of 1918 and the future of Germany. The author believes that the West is slowly declining in its civilization.

After the First World War, Japan, Russia, and the United States were the victors. England, France, and Germany lost the war. A power cannot be made great unless it can stand alone. America is very weak politically and tends to lose everything politically that they gain militarily.

The coming of World War I and II was realized by all political thinkers. Russia emerged from World War II as the greatest power in the world. America in defeat of Japan was an aid to Russia.

The United States is preparing for World War III and is trying to get a European Army to fight for them. Any nation which welcomes foreign troops is dead. Europe has been great in the past and the author believes it will again be some day. Europe has many inner enemies, the worst enemy being capitalism.

The outer enemies of Europe are America and the coloured revolution against the world supremacy of Europe. The other enemy is Russia.

Europe paid for America's victory with seven million battle deaths. America needs Europe to start World War III. In America and Russia people are used to thinking of large distances as being near due to the size of the countries, but in Europe, due to the small size of their country, people think in terms of small distances. Both Europe and the United States are trying to gain an advantage. The only thing to save Europe from both Russia and the United States is for the United States to get out of Europe.

B. "Proclamation of London of the European Liberation Front"

This booklet contains the name of no author and consists of thirty-two pages.

The first political expression of Europe was in the Crusade. Since this time there has been political struggle between the states in Europe. The age of materialism in Europe was born in the 18th century. The Jews received their greatest reward and success in America because there was no tradition in America like there is in Europe. There is a social degeneration in Europe which to a large part has been caused by Hollywood movies. Culture disease is great in America but that America can be helped by the liberation front!

The Jews were responsible for hostile developments in Europe and the cause of poisonous propaganda to spread throughout the world. There is terror everywhere in Europe now that the power of every European State has been destroyed. The liberation front in Europe has a great job. Its job is to expell all aliens from the soil of Europe and the construction of the Imperium of Europe. Treason in Europe today means only one thing and that is serving any other force than Europe. It is every European's job to liberate Europe.

b7D [redacted] stating [redacted] supports the national socialist theories in Germany, and seeks to revive some of the principles of national socialism in Germany.

b7D [redacted] said that he had received a reply from [redacted] dated 1/28/53, and [redacted] supplied a copy of this letter from [redacted]

b7D Photostat copies have been made of [redacted] letter to [redacted] and the original letter from [redacted] to [redacted] has been returned to [redacted]

b7D Two photostat copies of the aforementioned letter of [redacted] to [redacted] are being forwarded as enclosures to this letter to the Bureau, and one photostat copy is being forwarded as an enclosure with a copy of this letter to Chicago.

b7D It is noted that the enclosed letter reflects that about the end of 1949 an acquaintance of [redacted] met with YOCKEY in London, England, and during this meeting YOCKEY began to praise the Soviet policy in Germany, and asked this acquaintance of [redacted] to help him organize secret partisans in west Germany, who would be prepared to collaborate with the Soviet military authorities in action against the western occupying powers. Further, it is noted that the enclosed letter reflects that an acquaintance of [redacted] met, in 1950, with one GUY CHESHAM, who is alleged, in enclosed letter, to be an associate of YOCKEY, and that CHESHAM at that time indicated that possibly in the future they might be able to secure financial support from the Soviet Embassy in London.

b7D It is noted that in enclosed letter [redacted] states that, according to latest reports, YOCKEY is now in Frankfort working for the U.S. Red Cross.

b7D [REDACTED] requested that in addition to his name  
being kept confidential, he would request that, if at all  
possible, the identity of [REDACTED] as the writer  
or recipient of enclosed letters, also be maintained on a  
confidential basis, if the contents of same are furnished  
to outside agencies. [REDACTED] said that he made this re-

of enclosed letters to an outside agency might result in  
disclosing that [REDACTED] furnished said information to

T-2 advised that FREDERICK C. F. WEISS has composed many writings for Neo-Nazi groups in the New York area, mainly for an organization known as the "National Renaissance Party". T-2 believed that since December, 1952 FRANCIS PARKER YOCKEY has been the man who is composing the writings put out by FREDERICK C. F. WEISS which are utilized by the Neo-Nazi groups in New York City. This is only a surmise on T-2's part and he has no specific information to back this belief. He believes that this is so since he is acquainted with YOCKEY's style of writing from the book "Imperium" and from other works that YOCKEY did for [REDACTED]

YOCKEY was registered as a foreign agent for the "Socialist Reich" Party in Germany with the U. S. Department of Justice under the name of FRANK HEALY. YOCKEY indicated that he wished he had not been registered with the Department of Justice and believed that the FBI was looking for him. Informant heard from [REDACTED] that YOCKEY had gone to Europe and [REDACTED] indicated to informant that YOCKEY was travelling under a false passport but did not furnish to the informant the name under which YOCKEY was travelling. to the "Hero of the Second World War". The following ideas are stressed: The historical necessity for the development of Imperium -- the Authoritarian European Realm providing the basis for the Caesarian Imperialism of the Late Culture of the Faustian civilization in Europe. The name ULLICK VARANGE signifies Ireland-Russia. All differences between the viewpoint of SPENGLER and that of National Socialism are still further developed. A subjective concept of race is furthered on Spenglerian lines. Environmentalist viewpoints are also stressed. Privately YOCKEY likes to be considered as a disciple not only of SPENGLER but also of MOLLER VAN DEN BRUCK. He completely rejects the ideas of ALFRED ROSENBERG. The style of Imperium is a crude imitation of the Literary style of OSWALD SPENGLER, similar to a Hollywood Film production. Clever application of Spenglerism to the needs of present-day political maneuvering - adapted to the political aim of YOCKEY in his bid to set up a movement of European Authoritarian nationalists.

The development of the open activity of the circle of F. YOCKEY resulted in the founding of the European Liberation Front (ELF). No exact date can be given as the arrangements remained restricted to persons close to YOCKEY. A brochure was published by Westropa Press entitled "The Proclamation of London". This contained a statement of the fundamental points of the policy of the ELF and the actual authors were YOCKEY, BLYTHE, CHESHAM and GANNON. A digest of "Imperium" appeared stressing ostensibly the opposition of ELF to all democratic forces. The brochure was written in such a way as to suggest that a conference of European figures had been held in London and that this was Proclamation. It is believed that the conference was in fact merely a meeting of a few nonentities in London under the skillful guidance of the U. S. Lawyer YOCKEY. Since this time J. P. HUXLEY-BLYTHE has maintained a constant interest in the organization of international conferences of this character. The London Conference was said to have occurred in 1943. The crudity of the ELF in making use of the methods of American sensationalism, while advocating European and anti-United States policies, was a principal reason for the failure to make a notable impression in England.

CG 100-25647

At the end of 1949 arrangements were made for the publication of a cyclostyled four-page bulletin entitled "Frontfighter" the organ of the European Liberation Front. YOCKEY selected P. J. HUXLEY-BLYTHE to be editor of the "Frontfighter". The editorial office was 33 Wensley Avenue, Fleetwood, England. In production of this bulletin HUXLEY-BLYTHE worked in the closest collaboration with YOCKEY and GANNON.

During the period of the preparation for launching the ELF, a private meeting took place in the house of Baroness VON PFLUGL, Park Gate West, London. YOCKEY immediately launched on an attack on the Union Movement which he described as an instrument of U. S. policy. Speaking in German fluently he began to praise the German policy in Germany, in particular referring to the so-called Army of SEYDLITZ and PAULUS. YOCKEY asked for cooperation in order to help him organize secret partisans in Western Germany who would be prepared to collaborate with the Soviet Military authorities in action against the Western Occupying Powers. YOCKEY, small, dark, of unknown mixed races, pale and intense, walked up and down in the large apartment of the Baroness, speaking of the soul of Germany and its orientation eastwards. YOCKEY claimed that if his proposal were accepted we would be initiated into a vast and world-wide secret organization, working to establish an Authoritarian State, "the real national socialism". YOCKEY claimed that this organization was already millions strong and that he was a representative of the leader, whose name he kept secret. YOCKEY stressed that to start with he did not contemplate the use of anti-Jewish propaganda. First of all he wanted to found a sensational newspaper, specializing in anti-American agitation. YOCKEY did not expect to be meeting with persons who could evaluate the political implication of SPENGLER and MOELLER.

CHESHAM revealed the fact that he was promoting a definite line of policy in seeking collaborators. The main trend of this policy was based on "Imperium" and the concept of YOCKEY, BLYTHE and Baroness VON PFLUGL. CHESHAM outlined a policy of infiltration into all nationalist groups with a view to seizing control within or organizing sabotage. The political direction of this activity was to be violently anti-American, avoiding all

CG 100-25647

anti-Bolshevist conceptions. No anti-Jewish propaganda was to be permitted. It was furthermore suggested that forces could be raised in England for direct action against American military bases in England. The Communist Party in England, as CHESHAM stated, has come to a stand still so that it is making no progress. Therefore, if we organized successfully an anti-American front with popular support it would become possible to obtain financial support from the Soviet Embassy in London. This statement was further amplified by reference to an organization of a similar nature being set up in Germany.

*Germany*  
The organization in Germany was to be the concern of YOCKEY, at that time reported to be in Germany, and it was also mentioned that the agreement had been reached between F. YOCKEY and ALFRED FRANCKE-KRIESCHE for collaboration and also for publishing a German translation of the "Imperium" KAUFFMANN in Hamburg, Germany, and BECK-BROICHSITTER had been approached but these persons were not actively concerned in the plan as they had not agreed with all of the proposals made to them by YOCKEY. CHESHAM stated that ADOLPH HITLER and ALFRED ROSENBERG had "distorted the real National socialism". Real National Socialists believed in SPENGLER and VAN DEN BRUCK.

Later in the same week GANNON arrived from Fleetwood to report on his work with HUXLEY-BLYTHE. CHESHAM attempted to create the impression that all these persons were acting quite independently and that his "personal project" was something quite new. CHESHAM stated that YOCKEY had large connections in Italy and worked in conjunction with an Italian Politician, STASSI, Editor of the monthly journal "Imperium". Special stress was laid on the building contact with all ex-soldier organizations as the most important channel for future political activity.

According to the latest reports, YOCKEY is now in Frankfurt working for the U. S. Red Cross.

T-2 advised that subject had learned of T-3's statements concerning him and reacted with allegations and threats which are substantially as follows:

CG 100-25647

YOCKEY stated that an article on the Prague trial of SLANSKY, et al, was by YOCKEY and it foretold the Russian break with JEWRY which is becoming deeper and more complete every day. This development, arising as it did from the absolute identity of American and Jewish policy, is favorable to our fight for the liberation of Europe from its outer enemies, America-Jewry and Russia. The contents of the article did not reach T-3's limited comprehension because, he, like a true Freudian, wished not to understand, but only to besmirch anything superior to him.

T-3 told a mass of lies beginning with an incorrect name for YOCKEY which did not exist and a formal educational background which is incorrect and even went so far as to invent a career for YOCKEY in the U. S. Army which he did not have. T-3 stated that YOCKEY was "converted" to what is called "Authoritarian European Nationalism" in Europe. The fact is that YOCKEY's doctrine, whose principles are entirely superpersonal, is called "Imperialism" and that YOCKEY arrived at its fundamentals in the year 1936, before he had ever visited Europe.

T-3 misinterpreted in a stupid fashion YOCKEY's relations with MOSLEY. YOCKEY was interested in MOSLEY's possibilities because of his pre-war orientation as Hitler's voice in England. When YOCKEY discovered that MOSLEY was pro-Churchill and pro-American and anti-Russian, an outrage, even to the extent of mobilizing Europe to fight for American-Jewish victory over Russia, YOCKEY left him. MOSLEY is an effective American agent just as ADENAUER is, just as T-3 is. It is entirely unimportant whether or not T-3 or MOSLEY are paid as well as ADENAUER.

YOCKEY has never read, or quoted, MOELLER VAN DEN BRUCK. T-3 lies about the publication of "Imperium". T-3 lies about the London Proclamation. Only an idiot like the informant could believe that such a work could be the work of four authors.

These harmless, unmotivated lies, concern YOCKEY little. More serious is the lie which would link YOCNEY with CHESHAM, who was expelled from the Liberation Front in 1949 for intrigue with

CG 100-25647

vicious elements. Serious also is the lie that YOCKEY has met BECK-BROICHSITTER and KAUFFMANN, and the attempt to link YOCKEY with Mrs. VON PFLUGL of London, who is a psychopath, and who has never had any connections, nominal or otherwise, with the Liberation Front. Most serious of all is the suggestion, which T-3 conveyed only by innuendo and is too cowardly to state it outright, that YOCKEY is a Russian agent and that the Front pursues a pro-Russian policy. To the extent that T-3 has spread this lie he will be required to retract it.

The last point remains to be made on the negative side. T-3 injected a personal note when he tried to insult YOCKEY's race. He claimed that YOCKEY is "small, dark, of unknown mixed race, pale". His height is that of ADOLPH HITLER; his complexion is white; his race is exclusively European. For this stupid attempt at personal slander T-3 must give YOCKEY satisfaction if YOCKEY is ever in T-3's vicinity. If T-3 refuses, out of cowardice, he shall be flogged before witnesses.

T-3 and his kind - YOCKEY referred to the European Michel stratum, and in particular to its leaders, the Churchills - are Europe's most dangerous enemies. T-3 is a whitened sepulchre, uncreative, uncomprehending and full of malice and crooked jealousy of those with life in them, those who would lead the West forward on its great mission. T-3 and his kind alone make possible the looting and despoiling of Europe by the American-Jewry forces. T-3 and his kind alone made possible the victory of the Jewish-American-Russian coalition over Europe. With T-3's talk of petty-nationalism, he is helping to perpetrate the conditions in Europe which make possible the continued Jewish-American domination.

YOCKEY now states, not confidentially, that T-3 is an agent of American-Jewry charged, on a lower plane, with the same mission as Gasperi, Gaulle, Adenauer, Zeeland, Mayer, Churchill et al; namely, the maintenance of the Jewish-American hegemony over Europe. T-3's method is the same as theirs, the attempt to identify American-Jewish interests with Europe's interests. Informant's propaganda is the same; T-3 labels all European Imperialists as Russian agents.

CG 100-25647

YOCKEY's policy and the policy of European Liberation Front aims at unconditional liberation of Europe's soul and Europe's soil from American-Jewry and from Russia. American-Jewry controls 90 per cent of Europe's soil; Russia controls 10 per cent of Europe's soil. Elementary political tactics reveal from whom Europe can gain power over its own Destiny once more.

YOCKEY's attack on T-3 is not because informant is dark and pale nor because of his "vertical" race. These things do not interest YOCKEY and he knows nothing of informant's "vertical" race. YOCKEY merely knows that T-3 practices a practically loathsome and disgusting trade, and that T-3 continues in his tradition, YOCKEY attacks him because of his political orientation. T-3 is an agent of America-Jewry; he is a miserable spy, a professional liar, a traitor to Europe, a cultured, retarded idiot, an agent of culture-distortion, a wretched Michel, a foul conniver, a crooked, effeminate gossip.

YOCKEY is going to warn all members of his race who should be warned of T-3's hateful mission and his vile character.
